ITEM WT: 66

PKG WT: 97

FEATURES:

Hello gorgeous is what everyone will be saying to the Kallista Writing Desk with its amped-up personality! The beauty of this piece has to do with the mix of dark sapphire and glossy caviar black finishes, which enliven the sycamore veneers, the woodgrain bringing the cabinet a hint of distressing. This is juxtaposed against the sleek lines of the piece that is made even more tailored by the antique brass detailing. The door pull echoes the lines in the woodgrain, a slight-of-hand our designers are so adept at producing. Design details include soft-close door hinges. We have a number of pieces in the Kallista family of products.
