

CHANDELIER

Lighting Fixtures Safety & Core Instructions

Lighting Fixtures Safety & Care Instructions

Before You Begin

- Unpack all components onto a flat surface that will not damage them or allow them to become dirty.
- Take extra care when handling glass parts, if there is any.
- Check that all the components are correct and present.
- Contact with the seller in case of a defective or damaged product.
- Familiarise yourself with the product, its component parts and how it is assembled.
- Keep all packaging until after a successful installation and retain the instructions for future reference.

Environment

- Use appropriate recycling bins to get rid of the packaging materials.
- Always prefer LED bulbs to save energy.

WARNING:

Before proceeding, make sure the ceiling light is switched OFF and the electricity is switched OFF at the mains supply board

Safety

- Assembly instructions can be found in the box or via the QR CODE on the label over the box.
- Please be aware of limitations of the device. Check around the sockets(s) or label for Max. wattage and compatible type.
- Please choose screws and fixings that are suitable for the material that your ceiling is made of.
- This is a Class I product and does require an Earth connection. Rating: 220-240V~ 50Hz
- Before inserting and replacing bulb(s) make sure that the power is switched off and the bulb(s) have cooled down
- Only clean with a clean dry cloth, to prevent damage to the plated / painted finish.

IF AT ALL UNSURE, STOP NOW AND SEEK PROFESSIONAL GUIDANCE
