

INSTALLATION INSTRUCTIONS

IMPORTANT

Before assembling your fixture, please make sure that you carefully read through these instruction sheets. Consider having your fixture installed by a qualified licensed electrician.

NOTE: The important safeguards and instructions that appear in this manual are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution and care, are factors that can't be built into any product. These factors must be supplied by the person(s) caring for and operating the fixture.

GENERAL INFORMATION

All electrical connections must be in accordance with all ordinances, Local and National Electrical Codes. These fixtures are intended for mounting to a standard 4" x 2 1/2" metal octagon outlet box. The box must be directly supported by the building structure and U.L. Recognized.

STEP BY STEP INSTRUCTIONS

Before starting your installation disconnect the Power by turning off the Circuit Breaker or by removing the fuse at the fuse box. Just turning the light off at the light switch is not sufficient to prevent electrical shock.

APPLICATION

Ceiling Fixture

WHAT WE PROVIDE

- Mounting Hardware
- Canopy
- 1 x Acrylic shade
- LED

WHAT YOU NEED

- Screwdriver
- Wire Cutters
- Wiring Supplies as Specified by Electrical Code

1

PREPARE FIXTURE AND MOUNT CROSSBAR PLATE

If there is an existing fixture remove it.
Expose the supply wires from the J-box.

2

MAKE WIRE CONNECTIONS

Gently pull the supply wires through the hole in the crossbar. Connect the black supply wire to the black fixture wire. Secure with the supplied wire nuts. Connect the white supply wires to the white fixture wire. Secure with the supplied wire nuts. Either wrap the green wire around one of the protruding screws or connect it to the supply ground wire. Secure all wire with electrical tape (not supplied). Tuck all wires carefully into the J-Box.

3

MOUNT FIXTURE

Mount the canopy to the J-box and secure with the supplied screws. Rotate the canopy clockwise until screws slide into the narrow end of the keyhole slots and tighten firmly. Place the acrylic shade up to the canopy and rotate clockwise.

4

RESTORE THE ELECTRICITY AND CHECK THE OPERATION OF YOUR

Dimming: This product is compatible with most common residential type dimmers, dimming performance is dependent on dimmer.
