ASSEMBLY INSTRUCTIONS-PLEASE KEEP FOR FUTURE REFERENCE

Dimensions

Length - 120cm

Depth - 60cm

Height - 77cm

Weight - 24.1kg

Maximum Weight Tolerance

50kg

Safety and Care Advice

Important – Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on pages 2 and 3.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to layout the parts before starting.

- Do not stand or put weight on the product during assembly, this could cause damage.
- Assemble the item as close to its final position (in the same room) as possible.
- Assemble on a soft level surface to avoid damaging the unit or your floor.
- Parts of the assembly will be easier with 2 people.

• We do not recommend the use of power drill/drivers *for inserting screws*,

as this could damage the unit. Only use hand screwdrivers.

• Dispose of all packaging carefully and responsibly.

Care and maintenance

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.
- From time to time check that there are no loose screws on this unit.
- Do not stand on the desk.
- Do not use this desk as a step ladder.
- This product should not be discarded with household

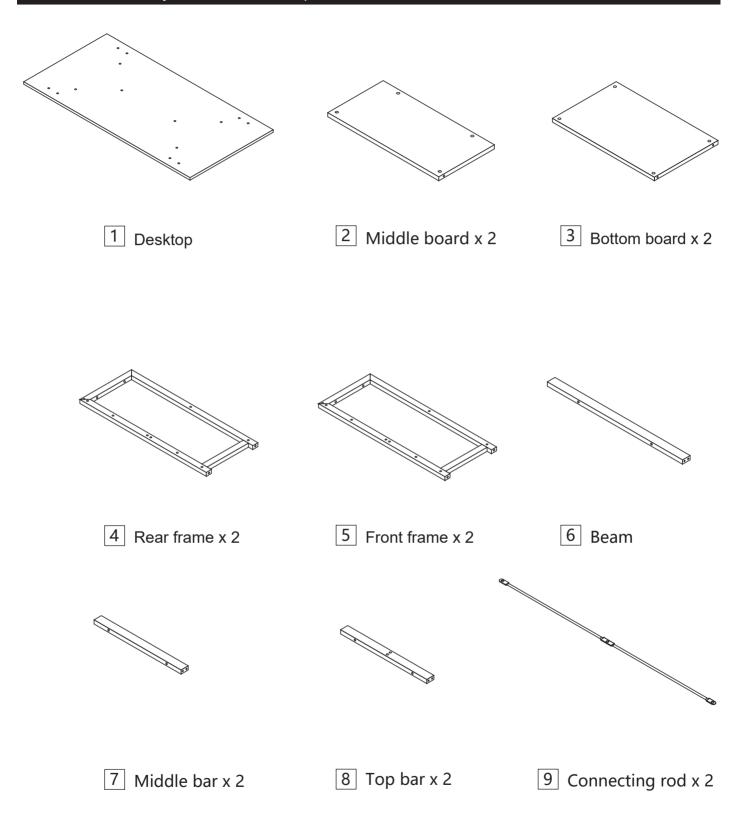

waste. Take to your local authority waste disposal centre.

Handy Hints

- Assemble all parts and bolts loosely during assembly,only once the product is complete should you fully tighten the bolts
- Regularly check and ensure that all bolts and fittings are tightend properly.

Components - Parts

Please check you have all the parts listed below

Components - Fittings

Please check you have all the fittings listed below.

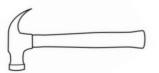

Note: The quantities below are the correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

A	(1)	B	
	M6 50MM Bolt x 10	M6 40MM Bolt x 8	M6 30MM Bolt x 20
D	1		
	M6 15MM Bolt x 4	M6 12MM Bolt	ST5 50MM Bolt x 12
G		a	0
	M6 Cap x 4	M6 Nut	Adjustable Feet x 8

Tools required

Phillips screwdriver

Small hammer

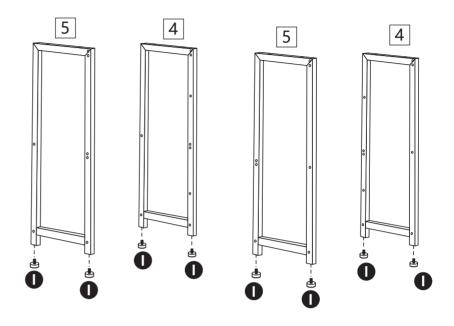

Tape measure

Assembly Instructions

Step1

Carefully screw in adjustable feet **①** into the rear and front frames 4 and 5.

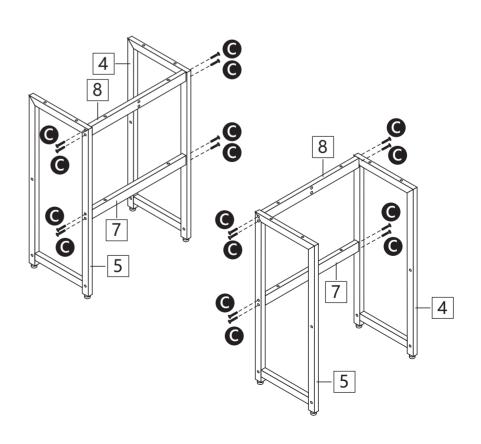

Step 2

Align the leg frame holes 4 and 5 with the top and middle bar 7 and 8 as shown in the assembly instruction image.

Once aligned, use the M6 x 30mm bolts **©** to fix the leg frames and bars together.

Please make sure all bolts are tight and no gapping is visible between the leg frames and bars.

Assembly Instructions

Step 3

Align the middle and bottom board panels with the frame holes

Use frame **(F)** to fix the board panels to the frames.

Fix bolts (A) to the underside of the board panels [2] and [3], through the top and middle bar [7] and [8].

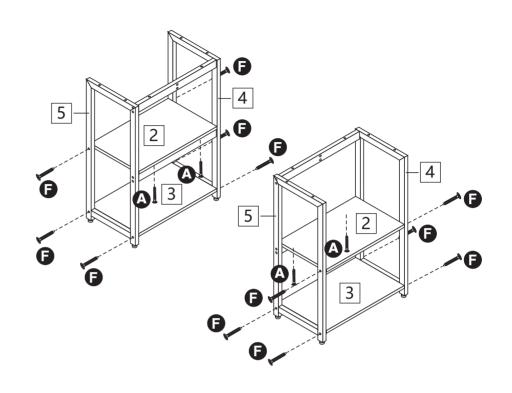

Please make sure all wood screws and bolts are tight and no gapping is visible.

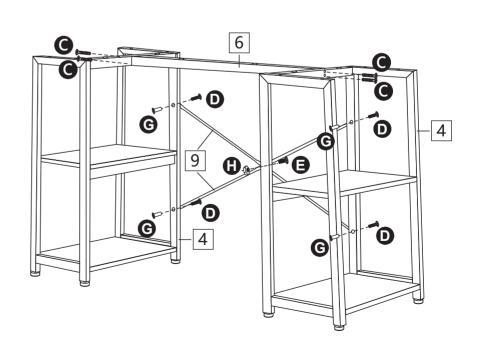

Step4

Fix beam 6 between the left and right constructed frames.
Making sure the beam 6 holes align with top bar 8 holes.

Use bolts **©** to fix all components together. Make sure all bolts are tight and no gapping is visible.

Repeat the same process using the connecting rods 9 and **(3) (4) (6) (5)**.

Assembly Instructions

Step 5

Carefully turn the desktop 1 upside down and place onto a soft surface. Once the desktop is upside down carefully repeat the process with the constructed frames as shown in the assembly instruction image.

Align the constructed frames with the predrilled and inserted holes in the desktop 1. Once all holes are aligned, use the M6 x 50mm bolts A M6 x 40mm bolts B to fix the frames and wooden desktop together.

Please make sure all bolts are tight and no gapping is visible between the leg frames and desktop.
