Completed

Care instruction on for PU furniture:

In order to maintain the original appearance of your PU furniture, please follow below simple care procedures:

- Avoid exposing furniture directly to sunlight or heating or heating conditioning outlets. Sunlight and or exposure to heating and air conditioning outlets will fade/damage PU.
- Do not place your upholstered furniture too close to windows, radiators, or vents, and be sure to use windows, radiators, or vents.
- Vacuum or wipe with a cloth regularly to remove dust.

For items used on wooden floor, hard surfaces or carpets, it is recommended to install protective pads under all legs and supports to avoid/prevent from damages/scratches and discoloration.

Warning!

Do not allow electrical cord to be pinched between moving parts or between the frame and the floor. Do not place cord under carpet or in location where it could become worn.

To avoid damage, please use scissors to remove this tag
