

Briar Sideboard

107441

Sleek and handsome, this sideboard fuses the best of mid-century and modern design. Made with a solid oak wood frame and features a beautiful white marble top. Completed with a metal base and hardware in an antique brass finish. Anti-tip kit included. As marble is a natural material, unique veining, pitting, fissures, micro-cracks and colour variations are all characteristics that add to the uniqueness and beauty of each piece. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
