

Package Contents

Part	Description	Quantity
A	Mounting Bracket	1 pc.
B	Fixture Body	1 pc.

A

B

STEP 1

Mark the drilling position on wall with the help of the Mounting Bracket(A).

Drill holes on the marks and stick the expansion anchors into the holes.

Fix the Mounting Bracket(A) to the expansion anchors with self-tapping screws.

STEP 2

Hold the fixture close to the wall.

Connect live line to wire color Black/Red of Fixture Body(B).

Connect neutral line to wire color White/Blue of Fixture Body(B).

If two wires color are identical, the wires do not distinguish between a live line and a neutral line.

STEP 3

Attach the Fixture Body(B) to the Mounting Bracket(A).

IMPORTANT SAFETY WARNINGS

WARNING: Risk of Electric Shock & Fire Hazard

1. Always DISCONNECT THE MAIN POWER at circuit breaker or fuse box before installation, bulb replacement, cleaning or maintenance. Turning off the wall light switch alone is NOT sufficient to prevent electric shock.
2. Installation must be performed by a qualified licensed electrician in accordance with local electrical codes (NEC for USA). Improper wiring may cause fire or fatal electric shock.
3. INDOOR USE ONLY. Do NOT install in bathroom, shower room, outdoor area or any humid environment.
4. Do NOT exceed MAX 5W wattage rating. Only use G9 LED bulbs. DO NOT use high-temperature halogen G9 bulbs. Halogen bulbs generate excessive heat, which may melt resin housing and create fire risk.
5. The fixture housing gets hot during operation. Do NOT touch the lamp body while lit. Allow at least 30 minutes cooling time before replacing bulb. Keep combustible materials (curtains, fabrics, paper) minimum 12 inches away from the light fixture.
6. Inspect the lamp, wires and socket before installation. Do not use the fixture if any part is cracked, damaged, resin shell broken or wiring frayed. Discontinue use immediately.
7. This is a fixed wall-mounted luminaire. Securely mount the bracket to wall stud or solid wall structure. Failure to mount firmly may cause the fixture to fall and result in personal injury.
8. Not intended for use by children. Keep away from young kids.
