## MAINTENANCE AND CARE

Clean with a chicken feather duster or a soft cloth, avoiding water. Use a damp, soft cloth if necessary, preferably made of pure cotton knit. Use a soft wool board brush for dust in recesses or embossed details.

If the edges of the furniture lift or separate, place a thin cloth on top and gently iron with a heated iron to re-adhere.

When placing the furniture, avoid contact with hard or sharp objects to prevent scratching.

Avoid dragging or placing heavy objects on furniture to prevent scratching and deformation.

Keep furniture away from dampness, high temperatures, and direct sunlight. Use curtains during summer to shield furniture from sun exposure.

Refrain from contact with corrosive liquids such as acids or alkalis.

Do not use harsh chemicals or abrasive cleaning agents.

Periodically apply furniture wax to the surface to prevent fading and sun damage.

Regularly inspect furniture joints and promptly reinforce any loose components.
