Expansion & Shaping Instructions

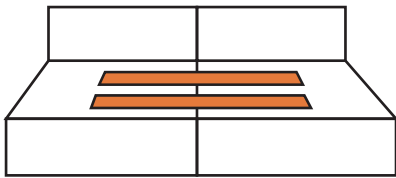

1. Carefully remove the sofa from the packaging box.

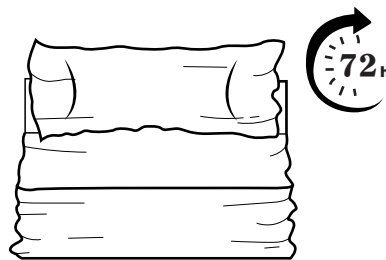

2. Unroll the compressed sofa on the floor.

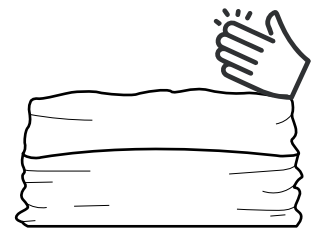

3. Open the vacuum-sealed bag carefully.

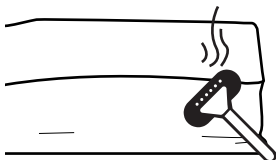

4. Secure modular sections with the included hook-and-loop strips

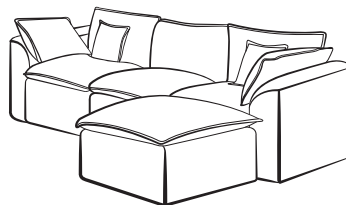

5. Allow 72 hours for natural expansion.

6. To speed up fluffing and shaping: Gently pat the sofa and pillows.

7. For stubborn wrinkles, use a low-temperature steam iron

8. Then, you will get a fully expended sectional couches.

Important Notes

- Color may vary slightly from images due to lighting differences.
- Wrinkles or irregular shapes are normal due to long-term compression and will smooth out with use.
- Keep plastic bags away from children for safety.

Care & Maintenance

- Vacuum weekly with a soft brush head.
- Flip and fluff cushions every 2 weeks to maintain shape.
- Seat cushions, back and throw pillows can be taken off for washing.
- For non-removable parts, blot stains immediately with a damp cloth. Use diluted mild detergent for tough stains, then wipe clean and air-dry. Avoid bleach, strong solvents or abrasive cleaners.
- Avoid prolonged direct sunlight to prevent fading and aging.

Fixes for Common Issues

Problem	Possible Cause	Solution
Seat height is lower than expected	Incomplete expansion	Wait for 72 hrs full expansion, then test the sitting feeling. Pat to speed up fluffing.
Insufficient fluffiness	Inadequate expansion time or method	Extend expansion time; pat firmly to promote fluffing(For the pillow, pat from multiple directions).
Persistent wrinkles	Long-term compression deformation	Iron with low-temperature steamer; use the sofa regularly to smooth wrinkles.
Odor	New material or closed packaging	Ventilate for 3-7 days; odor fades naturally.
