Earthen Serenade 3

D2805S56094-4708

Earthen Serenade 3 showcases the nuances of Abstract Illusionism, a style that joins abstract elements with painterly techniques to create three-dimensional depth on a flat surface. In this work on canvas, seemingly floating shapes and intangible forms combine to create visual depth. The carefully crafted layering of gradient color and shading adds dimension. The earthy palette of beige, cocoa, and mocha is juxtaposed with striking accents of sky blue, navy, and white. Inserted into this illusion are hand-drawn marks and visible paint drips. A mesmerizing composition on canvas, Earthen Serenade 3 is an alluring addition to ART by TA. Pairs beautifully with Earthen Serenade 1 and 2.
