POUR SPOUT
prevents drips for mess-free serving

EASY-TO-READ MEASUREMENTS
mix ingredients with accurate measurements

STRAINER WITH PULP CONTROL
filters the juice pulps collect the pulps in the strainer for easy disposal

Key Features

EASY TO USE – This electric juicer is pressure activated. Just press the fruit onto the auto-reversing cone to start juicing and release the pressure to stop the cone from rotating.

VERSATILE – It comes with small and large auto-reversing cones so you can extract juices from a range of citrus fruits. The small cone works best for small fruits like lemons, and the large one can be used for larger fruits like grapefruits.

EFFICIENT – This 25-watt juicer features a strainer with pulp control. This can filter the juice pulps and collect it all in the strainer so you can simply throw it out or use it for other recipes.

PRACTICAL – The clear 34-oz. juice container has easy-to-read measurements so you can juice and mix other ingredients accurately. It also has a pour spout for convenient serving.

LIMITED 1-YEAR WARRANTY – All Ovente products have a one (1) year warranty period from the date of purchase from an authorized retailer. This warranty only covers defects in workmanship and materials. To activate its 1-year warranty, register your product here: <https://ovente.com/register>. Please note that you have to provide
