DO NOT fully tighten the Bolts at this time.

Step 13

Attach the From Step 12 to the assembled part in Step 8 by using Bolt (3), Washer (4), Washer plastic (6) and Allen Wrench (8) as shown above.
DO NOT fully tighten the Bolts at this time.

Step 14

From Step 13. Attach the Backrest Support Bar (P) to the assembled part in Step 13 by using Bolt (①), Washer (④) and Allen Wrench (⑧) as shown above.
DO NOT fully tighten the Bolts at this time.

Step 15

From Step 14. Attach the Support Bar (Q) to the assembled part in Step 14 by using Bolt (①), Washer (④) and Allen Wrench (⑧) as shown above.
DO NOT fully tighten the Bolts at this time.

Step 16

From Step 15. Attach the Leg (R) to the assembled part in Step 15 by using Bolt (1), Washer (4) and Allen Wrench (8) as shown above.
DO NOT fully tighten the Bolts at this time.

Step 17

From Step 15. Attach the Wooden Seat Slat (S) and Wooden Backrest Slat (T) as shown above.
DO NOT fully tighten the Bolts at this time.

Step 17

With assistance from your adult partners, turn the Chaise Lounge back to normal flat ground. Place the Chaise Lounge on a LEVEL surface. Inspect it and make sure all parts are adequately connected. Check for wobbles on a LEVEL surface. If no wobbles are found, proceed to tighten the Bolts and Screws in a sequential manner, until evenly secured. Adjust the Levelers until the Chaise Lounge is level with the ground. To adjust the Levelers, get assistance from an adult partner to lift/lean and hold the Chaise Lounge while you are working. Your Chaise Lounge is ready for use. This Chaise Lounge can only be used on a flat, level surface.

Questions & Answers about Proposition 65

- What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals. Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

- What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

- What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

- Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
