

# HISTORY AND TRADITION

The predecessor of NARUMI Corporation was founded in 1911. Since that time we have been devoted to producing fine quality tableware. In 1965, NARUMI succeeded in the mass production of bone china tableware for the first time in Japan. The history of bone china in Japan is based on NARUMI's innovation.

NARUMI carefully nurtures those traditions cultivated throughout its history, and the skills that have been passed on to provide our customers with the very best quality.
