

Sconces > Firefly

Flush-mount

Voltage

110V

Description

Designed by Simona and mouth-blown in Slovenia by glass blowers who are the very best at casing glass in multiple, thin layers. The shade is then ground in various patterns. These cuttings reveal the inner colors and create accents on the shade. Visible hardware is satin nickel or dark bronze. ADA.

Additional Information

No two shades are exactly alike. There will always be variations, which are typical of a handmade product and contribute to its beauty.
