

# Pendant Light Fixtures

## Product specification

PLEASE READ THE INSTRUCTION CAREFULLY.FOLLOW ALL STEPS AND PAY ATTENTION TO THE WARNINGS

### WARNING

-Turn the electricity off at the main circuit breaker panel before installation. Thoroughly wash hands after finishing.  
-Remove the fixture and the mounting package from the box and make sure that no parts are missing by referencing the illustrations on the installation instructions.  
-All electrical connections must be following local and National ElectricalCode (N.E.C.) standards. If you are unfamiliar with proper electrical wiring connections, please ask for help from a qualified electrician.

### CAUTION

The glass shade is fragile, please take care of your hands when handling glass components or lamps.

QUANTITY	3	8	8	4	1

### INSTALLATION STEPS

Please strictly follow the steps in this manual for installation, otherwise there is a risk of damage to the product.

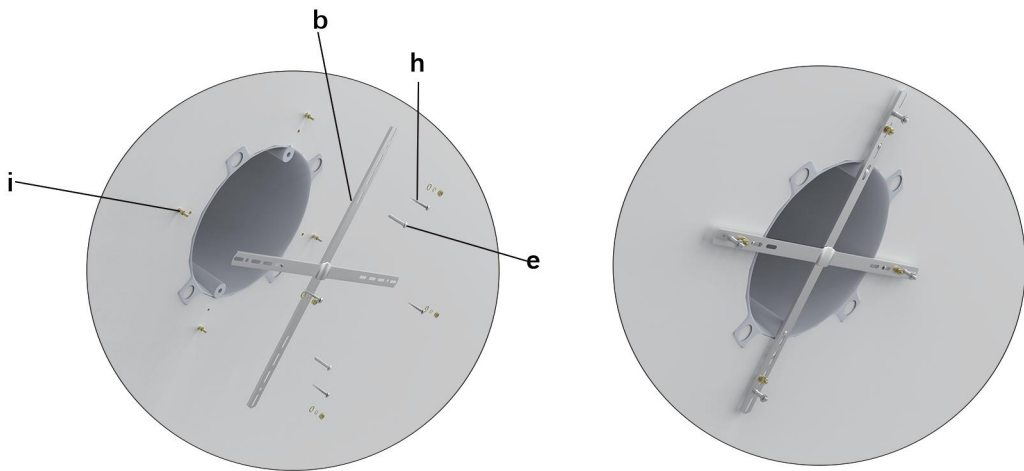

#### STEP 1

Drill 4 holes on both sides of the junction box. Please refer to the crossbar of the mounting bracket(b) for the specific location of the holes. Then use a hammer to knock the 4 parts(g and i) into the 4 holes respectively.

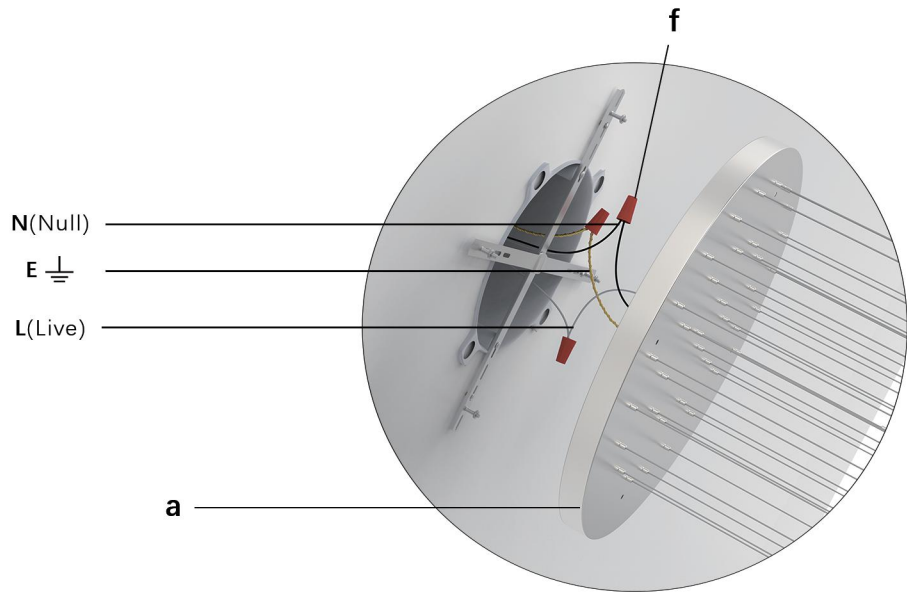

#### STEP 2

Fix the mounting bracket to the JUNCTION BOX with screws(e and h).

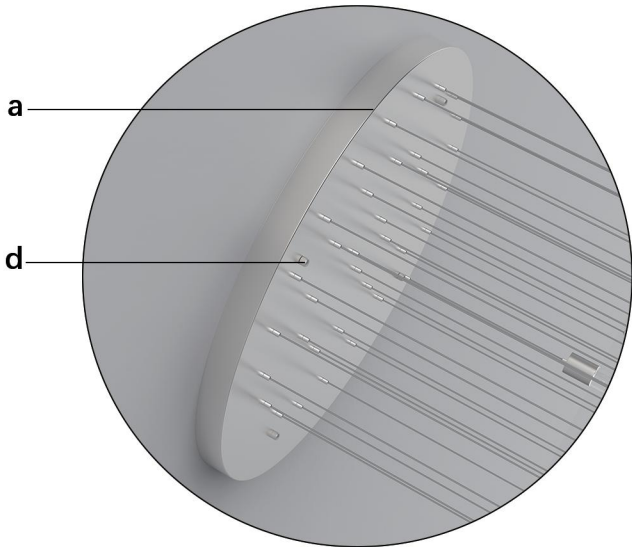

#### STEP 3

Connect wire and wire nuts.  
Notes:The L wire is Live Wire, the N wire is Null Wire, and gold wire is Earth Wire.

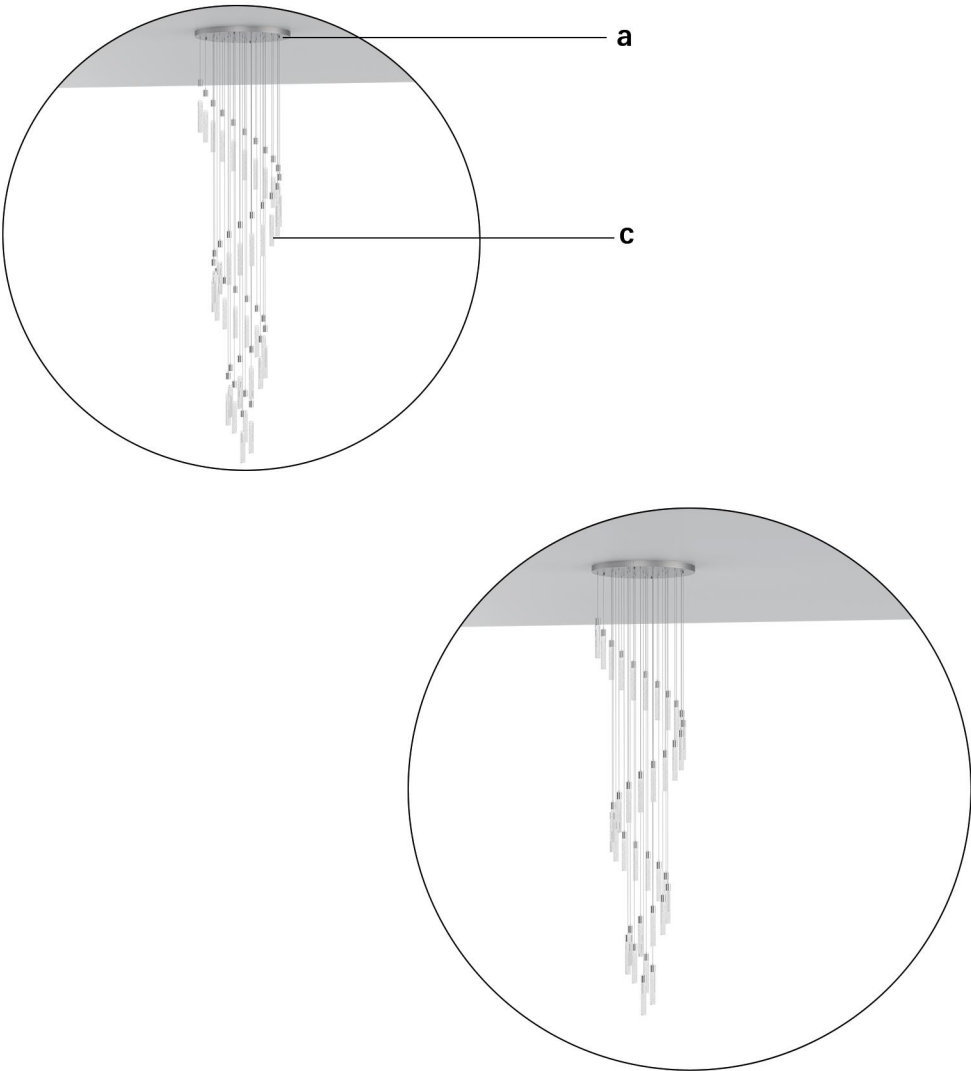

#### STEP 4

Carefully tuck wires back into the mounting bracket and then fix the back plate(a) with screws(d).

#### STEP 5

Untie the cables so that they hang down naturally, and then screw the crystal column(c) into the middle interface of the metal frame.

Turn on the light, it's in perfect view!
