Dear Customer,

The product you have purchased has been subjected to all tests and checks by us before being delivered to you. Even so, some parts may be damaged during transport. In such cases, please do not return the entire product; simply request the damaged part from us. The missing part will be sent to you promptly.

Before starting assembly, check all parts and accessories that come out of the box against the list. Once you are sure that the parts and accessories are intact, you can start assembly. Before starting assembly, wipe each part with a damp cloth.

Two (2) people are required for a more secure and safe installation of this product.

Installation can be completed in approximately 20 to 30 minutes.

If you have purchased more than one product, do not start installing another product until the installation of one product is complete to avoid any confusion.

Never drag the products when moving them. Lift or disassemble the products and carry them with two (2) people.

If you are transporting the product over a long distance, be sure to pack it carefully.

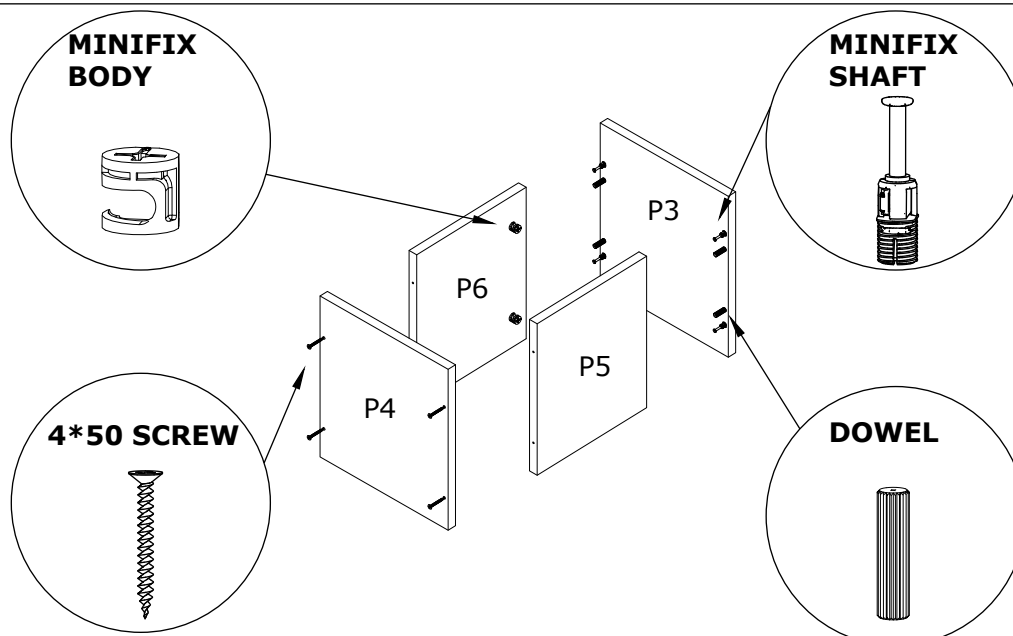

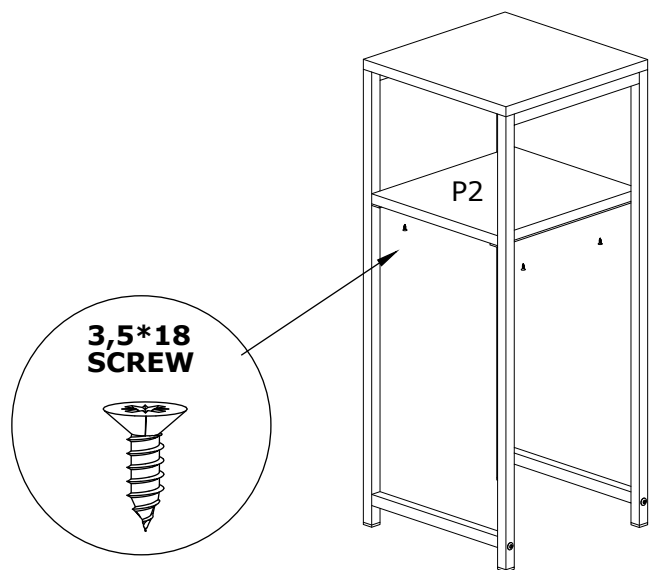

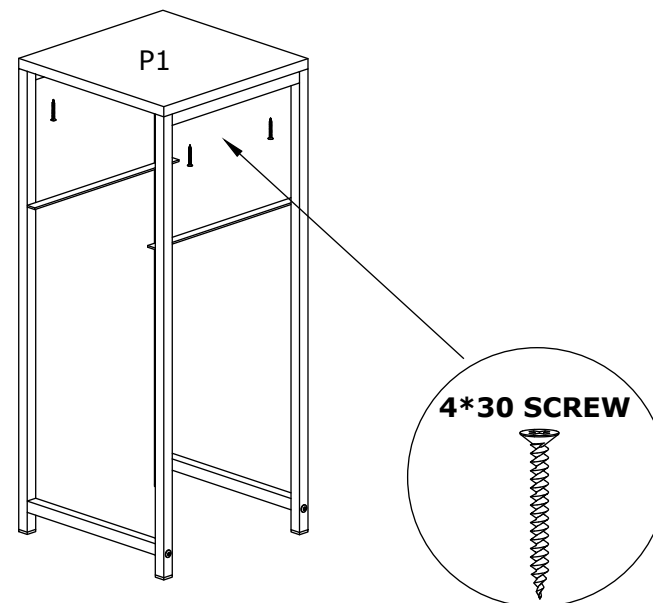

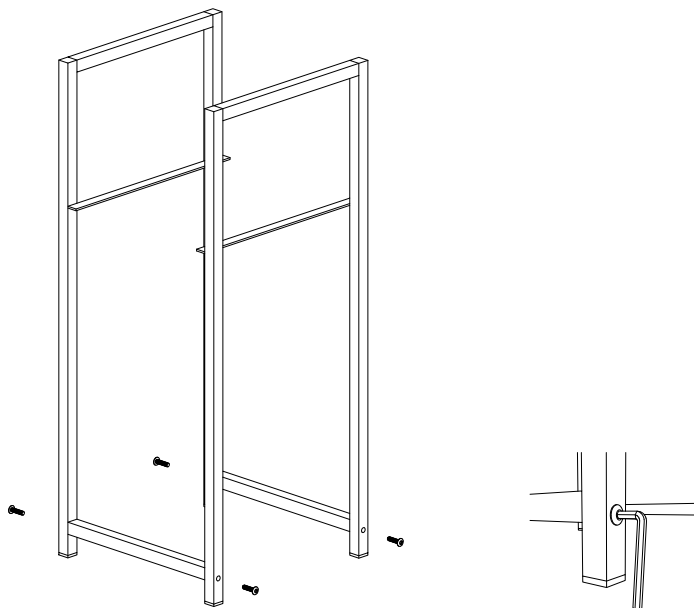

To clean the product, simply wipe it with a damp or soapy cloth or other cleaning agents.

Furniture is affected by extreme heat, cold, and humidity, so do not expose it directly to these elements.

Do not use your furniture for purposes other than its intended use.
