

Installation Steps

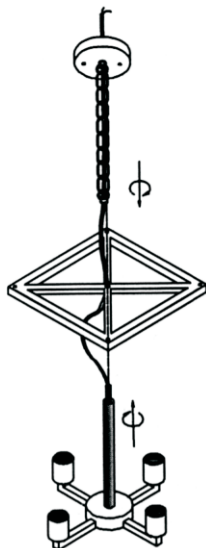

A

Get through the lamp wire to the hanging rod, and screw hanging rod to the light fixture.

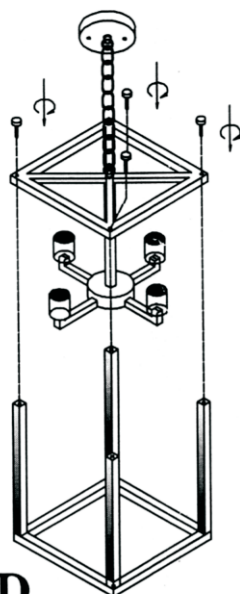

B

Combine 4 square tubes with screws and four square frames to form a light stand

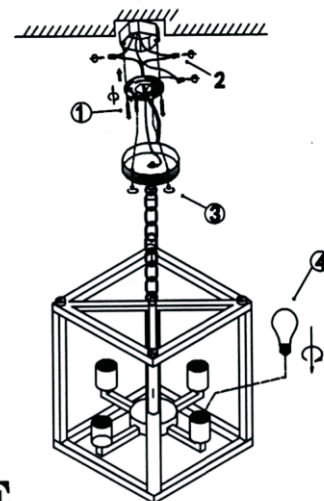

C

Get through the lamp wire to the square cross frame and twist the lighting ring onto the boom.

D

Connect the light frame to the square cross frame with screws.

E

- 1 Fix the hanging plate to the junction box with the screws on the accessory package.
2. Connect the main line on the ceiling plate with the wire reserved on the ceiling with the wiring cap.
3. Screw the flower branch screws onto the exposed hanging plate screws.
4. Twist the bulb into the holder. (bulb not included)
