

## ASSEMBLY INSTRUCTION

All electrical components must be installed by a licensed electrician in accordance with the National Electric Code and the appropriate local electrical codes.

You will need 2-Candelabra Bulb  
40 Watts Recommended 60 Watts Max  
Bulb not included  
**USE LED BULBS FOR EXTENDED USE**  
This fixture is DRY rated

### How to Install

1. Determine the position on the wall that the fixture will be affixed. Mark two points with the same distance as the holes on the back plate.
2. Drill two holes in the wall at the points marked in Step 1 and insert the anchors into the holes. Attach the mounting plate onto the wall using the anchor screws.
3. Attach the Back Plate onto the mounting plate.
4. Install the chain to the bottom of the junction box.
5. Install the recommended bulbs (not included).
