

保养方法:

- 1. 本灯具安装后请不要在空间内放置酸性化学溶剂,否则会对灯具表面造成永久伤害。
 - 2. 清洗时请先关闭电源,选用无腐蚀性的清洁剂进行清洗。

Maintenance methods:

- 1. Do not place acid chemical solvents in the space after installation of this lamp, otherwise it will cause permanent damage to the surface of the lamp.
- 2. When cleaning, please turn off the power supply and use non-corrosive detergent for cleaning.

安装步骤:

1. 组装灯具:

按照安装说明书将各个部件连成一体,灯内穿线的长度应适宜,多股线线头应浸锡,注意统一配线颜色,便于区分火线和零线理顺灯内线路。

2. 灯具安装:

普通式灯头安装:将电源线留足维修长度后剪除余线并剥出线头,用连接螺钉将灯座安装在接线盒上。

掉线式灯头安装:将电源线留足维修长度后剪除余线并剥出线头,将导线穿过灯头底座用连接螺钉将灯座固定在接线盒上。取一段灯线在一端接上灯头,灯头内应系好保险扣将灯线另一头穿入底座盖碗,灯线在盖碗内系好保险扣并与底座上的电源线用压线帽连接旋上扣碗。

3. 通电试运行

打开电源,测试是否通电。

Installation steps:

1. Assemble lamps and lanterns:

In accordance with the installation instructions, all parts should be connected together. The length of the threads in the lamp should be suitable. The threads of multiple threads should be dipped in tin. The color of the wiring should be unified so as to make it easy to distinguish between the fire line and the zero line and straighten out the inner line of the lamp.

2. Installation of lamps and lanterns:

Installation of ordinary lamp holder: Cut off the remaining wires and strip out the wire holder after reserving enough maintenance length, and install the lamp holder on the junction box with connecting screw. Installation of off-line lamp holder: Cut off the remaining wires and strip the wire head after leaving enough maintenance length of the power cord, and fix the lamp holder on the junction box with connecting screw through the lamp holder base. Take a section of lamp cord and connect it to the lamp head at one end. Inside the lamp head, fasten the safety buckle and put the other end of the lamp line into the base cover bowl. Inside the cover bowl, fasten the safety buckle and screw the buckle bowl with the power cord on the base.

3. Power-on Trial Operation

Turn on the power supply and test whether it is on.

安裝注意事项:

- 1. 安装灯具应找专业安装人员。
- 2. 关闭电源,禁止带电操作,安装时配戴手套。
- 3. 不要安装在灰水未干的天花上。

Installation Notes:

- 1. Installation of lamps and lanterns should seek professional installation personnel.
- 2. Turn off the power supply, prohibit live operation, and wear gloves when installing.
 - 3. Don't install it on the wet ceiling.
