2. Place the base (B) on table and then screw tube (C) on the base, then put the steel plate (D) and screw tube (E) with tube (C).
3. Unscrew steel plate (A) from base (B) pull excess wiring through steel plate (A), then screw steel plate (A) back on to base (B).
4. Place the glass shade (G) on the glassholder (F) and secure with the socket ring (H).
5. Use 60 watt (maximum) incandescent A type bulb (I) to install. (bulbs not included)
6. Connect power to circuit, turn on lamp and enjoy.

IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other), as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

- * PLEASE INFORM YOUR DEALER IMMEDIATELY IN CASE OF ANY PARTS SHORTAGE
- * SAVE THESE INSTRUCTIONS FOR FUTURE REFERENCE.
