SAFETY INFORMATION

CAUTION

Please read and understand this entire manual before attempting to assemble, operate or install the product. Before beginning the assembly of this product, compare the parts with the package contents and parts list. If any part is missing or damaged do not attempt to assemble the product.

WARNING

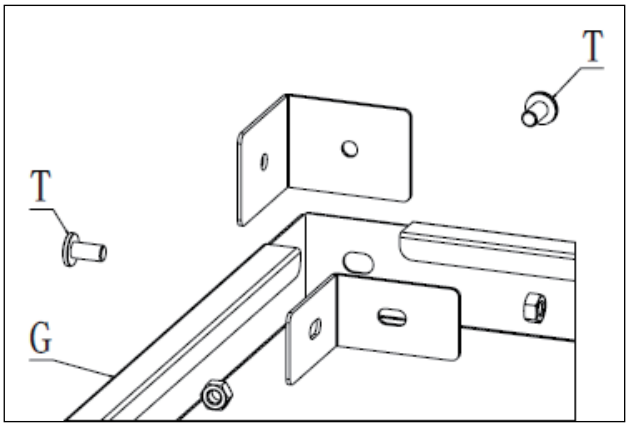

Follow the installation instructions carefully. Proper installation is the installer’ s responsibility.
For any questions, please contact us at this email.

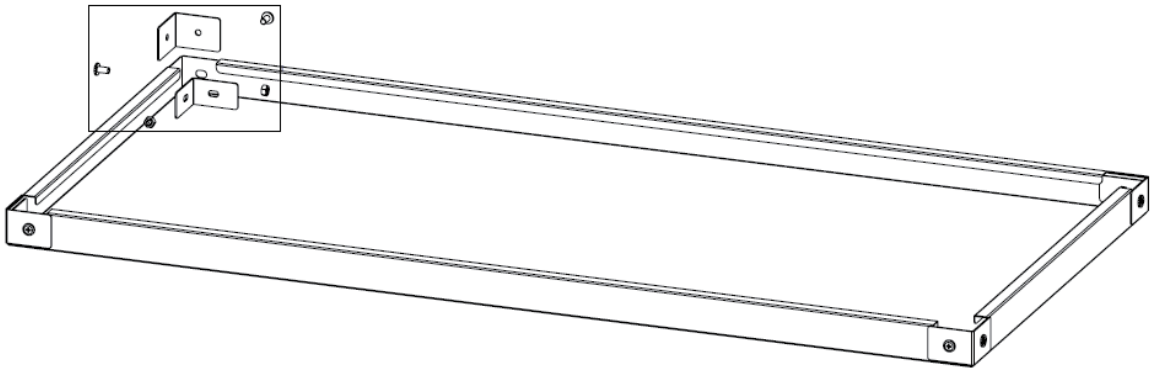

PRE-ASSEMBLY PREPARATION:
--- Please read through the instruc ons before beginning assembly.
--- Clear out the space for assembly and lay out all of the parts based on the Parts List, extra room will allow you to easily determine if all the pieces are present.
--- Keep small parts and pieces away from children un l fully assembled.

HOW TO INSTALL NOTE:

1. For more accurate assembly and use, please install as shown.
2. When installing the components, it is recommended that the screws be incompletely tightened first to make it easier to make adjustments, and then tighten the relevant screws when it is in place.
3. Check whether the accessories are complete. If you have any questions, please contact us in time.

Preparation Steps

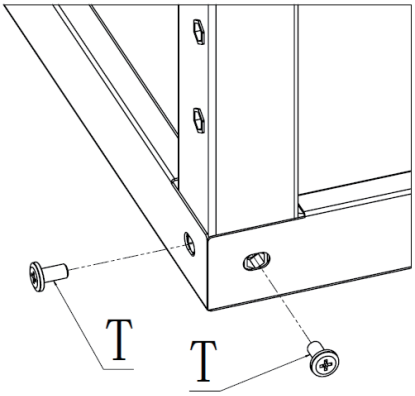

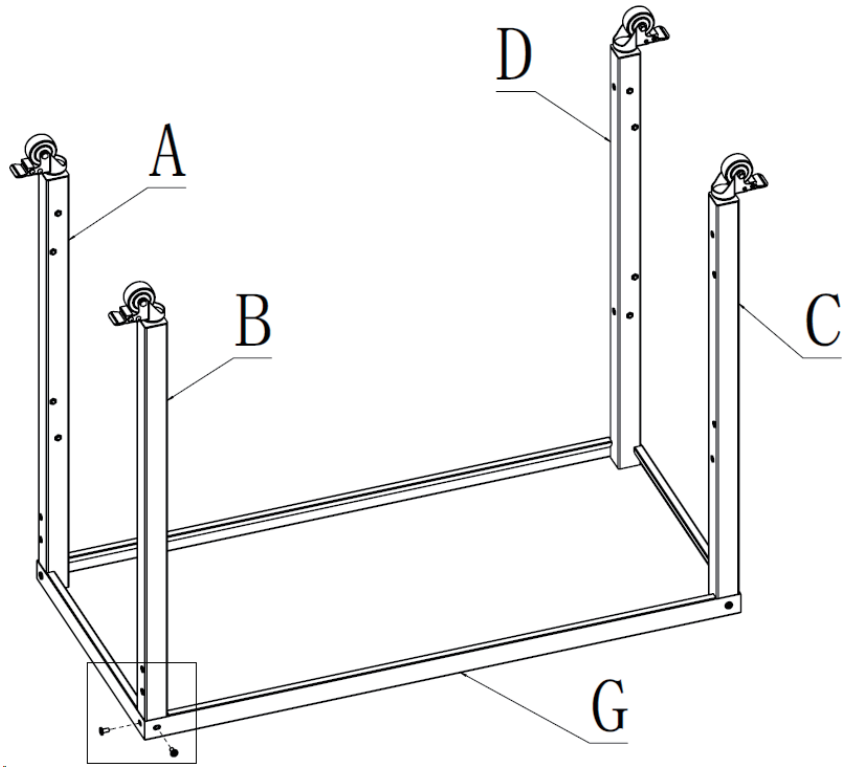

According to the diagram, use tools AA and BB to remove the 8 screws (T) from the four corners of the top panel (G) and set them aside.

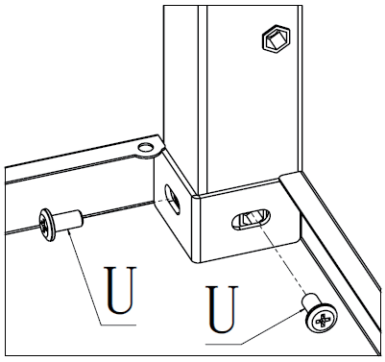

4. **Assembly instruction**

Step1. Attach the 4 legs (ABCD) to the top panel (G) using 8 screws (T) as shown.

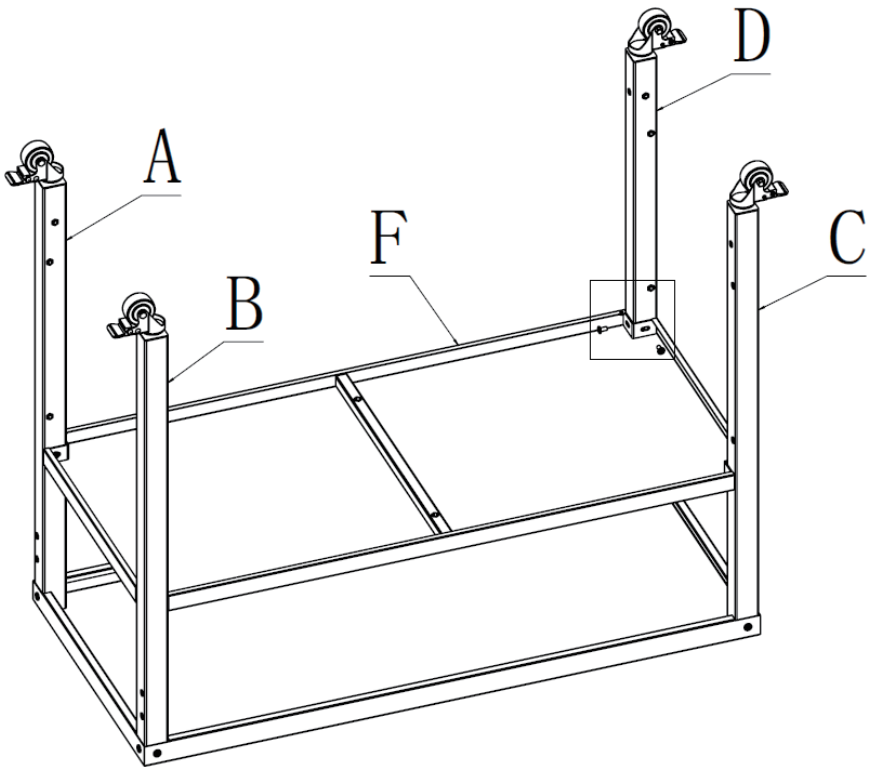

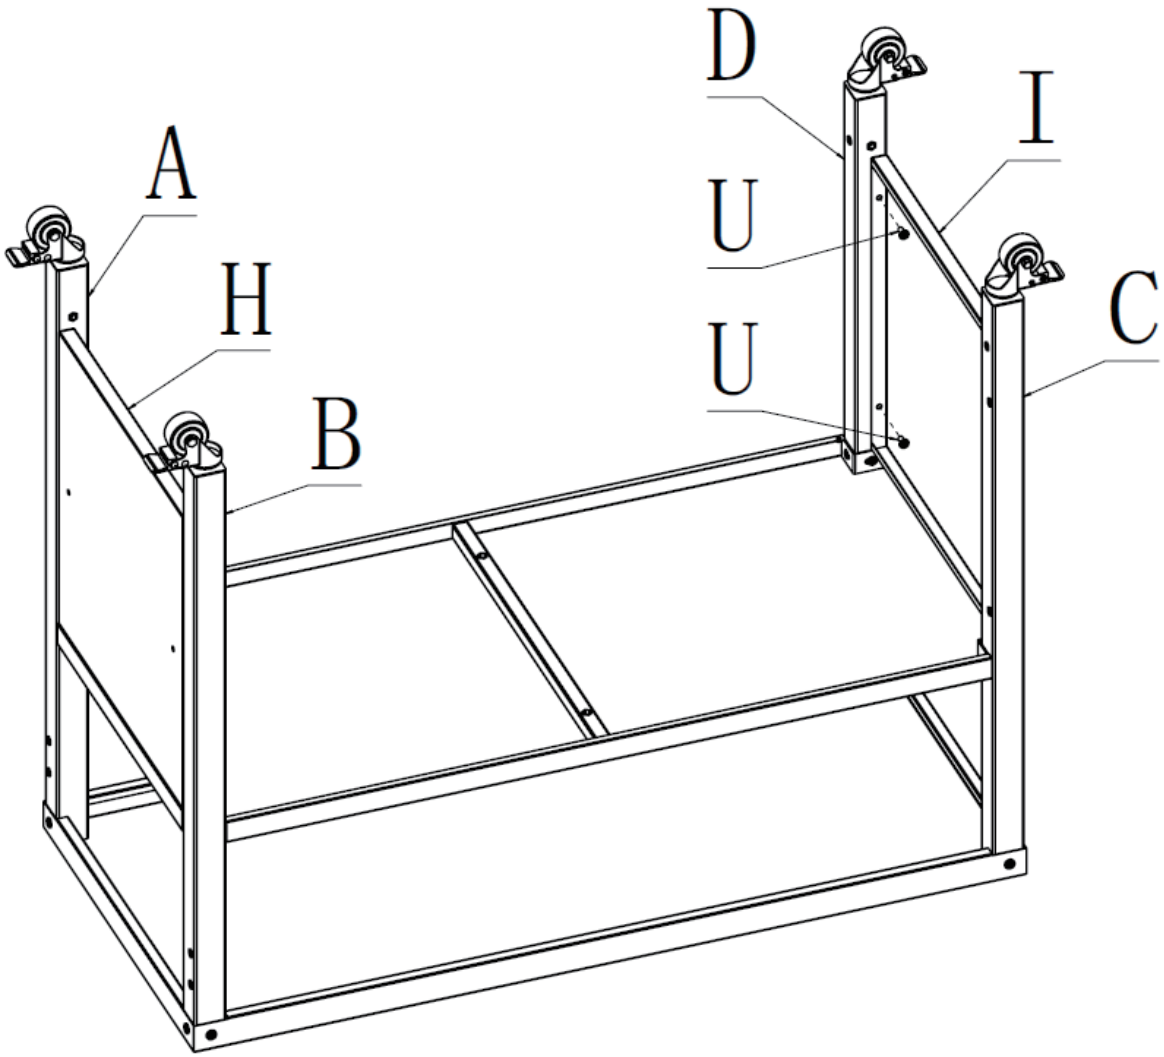

Step2. Attach the middle shelf (F) to the 4 legs (ABCD) using 8 screws (U) as shown.

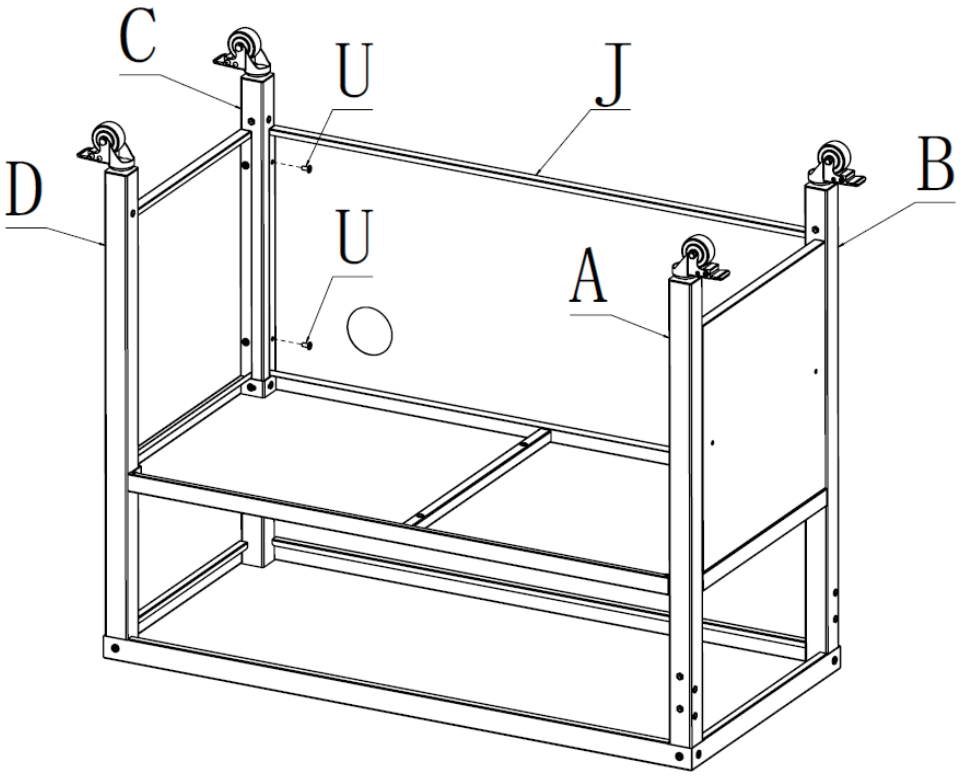

Note: The hole on the middle shelf (F) should face leg (D).

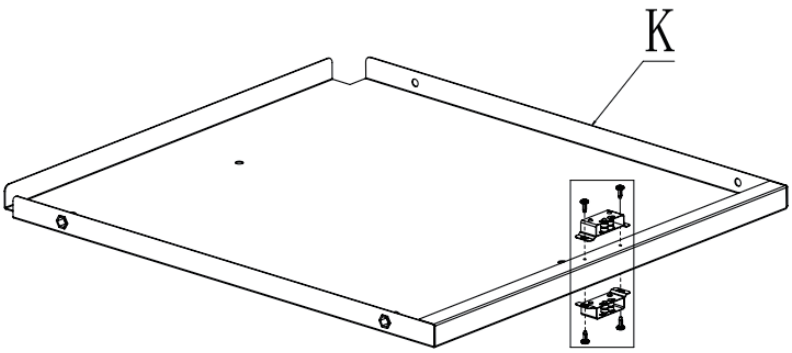

Step3. Attach the left (H) and right (I) side panels to the 4 legs (ABCD) using 8 screws (U) as shown.

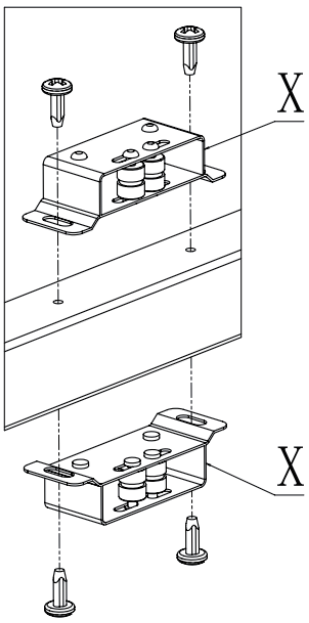

Step4. Attach the back panel (J) to legs (B) and (C) using 4 screws (U) as shown.

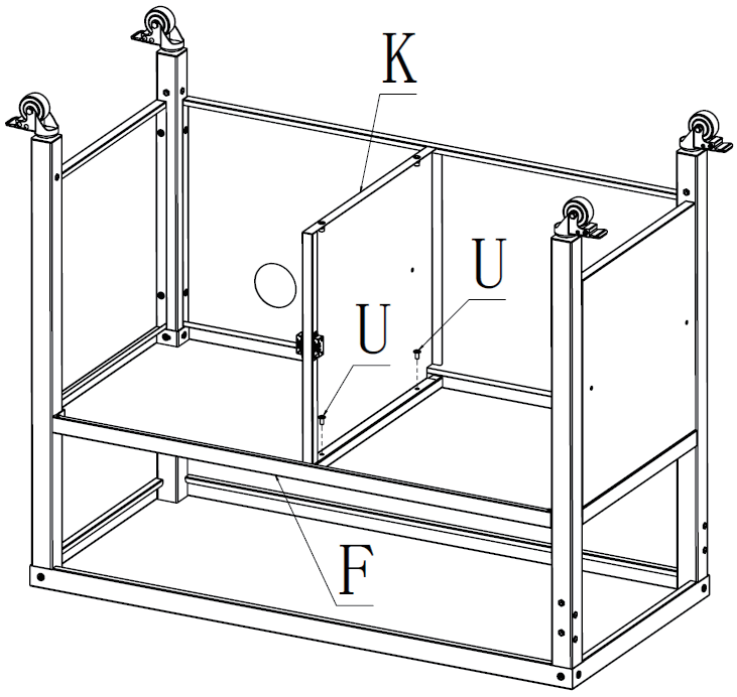

Step5. Attach the two door catch bases (X) to the divider panel (K) using 4 screws from the same bag. Note: Before tightening, push the bases all the way in.

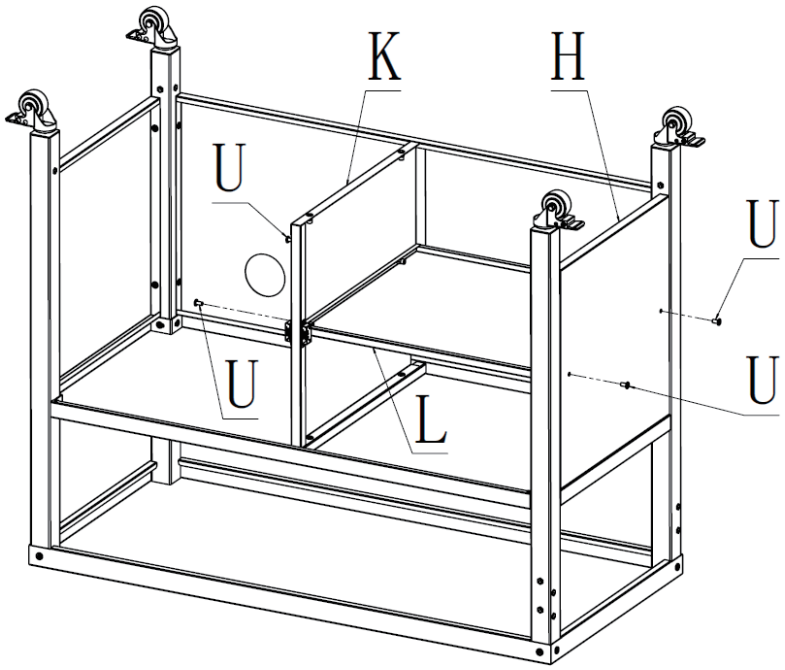

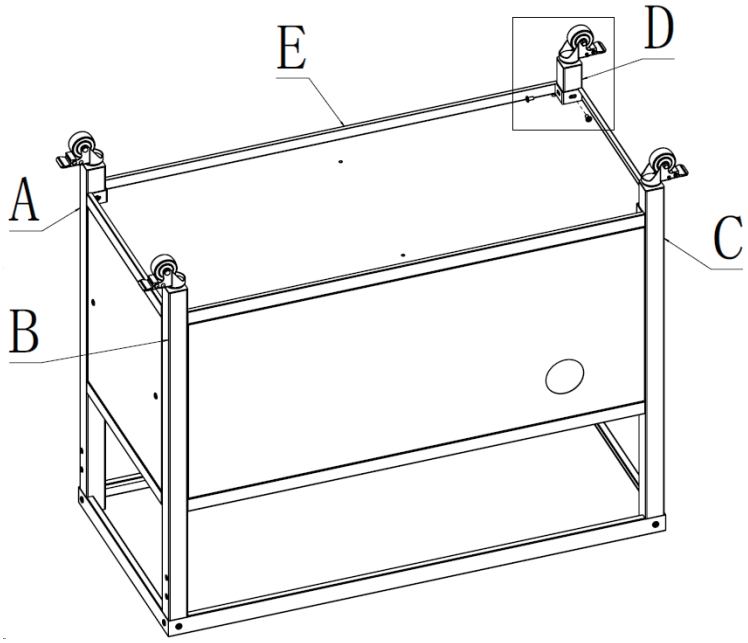

Step6. Attach the divider panel (K) to the middle shelf (F) using 2 screws (U) as shown.

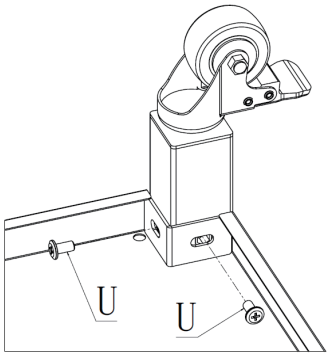

Step7. Attach the left cabinet shelf (L) to the left side panel (H) and divider panel (K) using 4 screws (U) as shown.

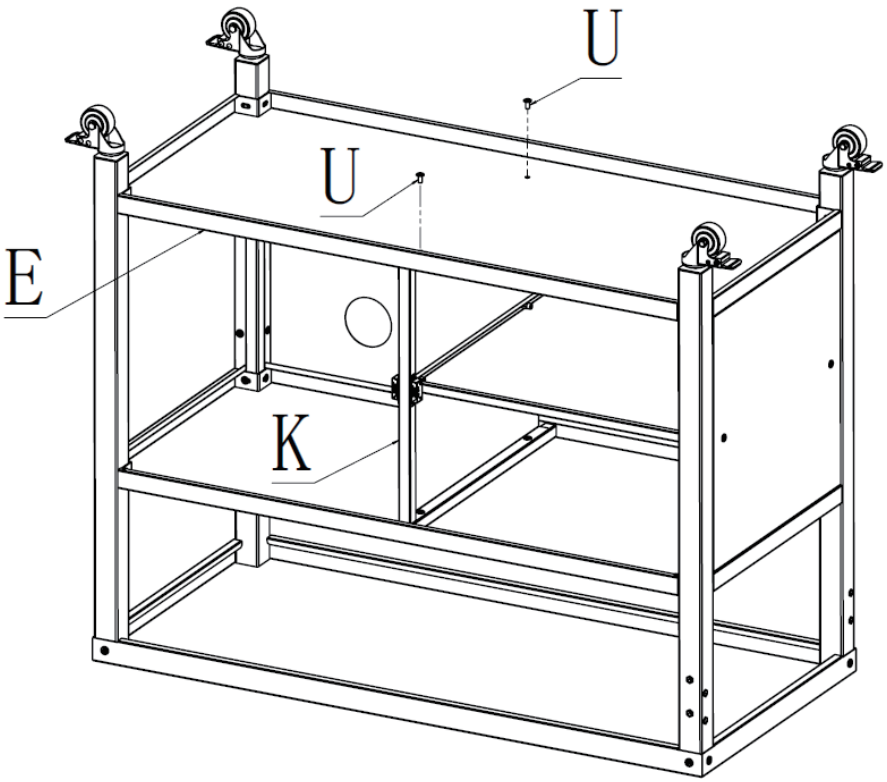

Step8-1. Attach the bottom panel (E) to the 4 legs (ABCD) using 8 screws (U) as shown.

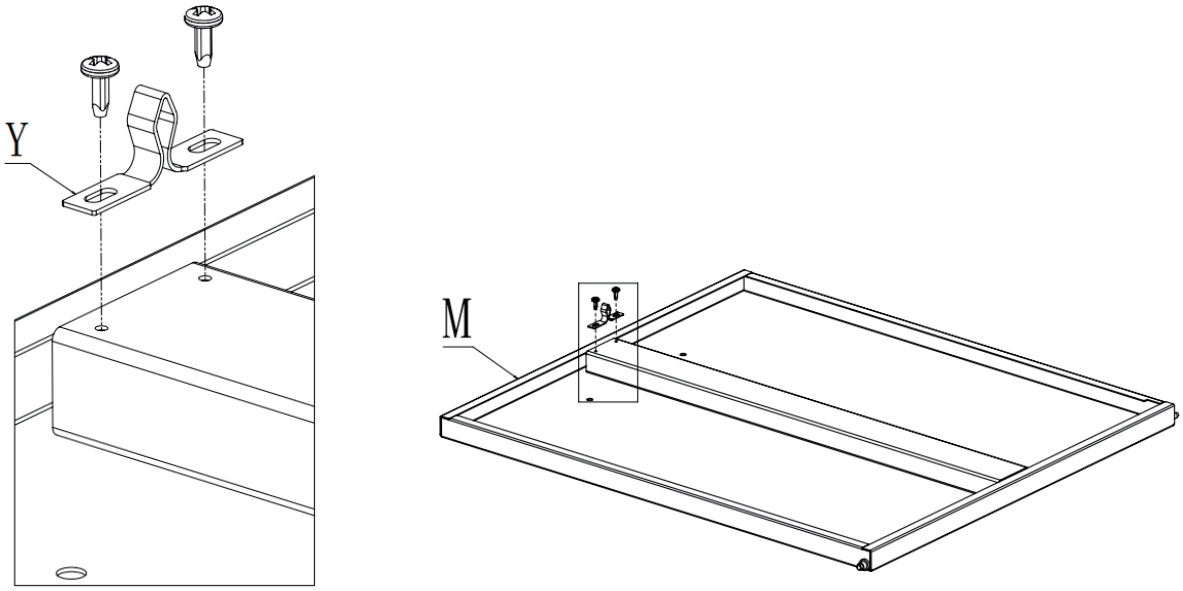

Note: The hole on the bottom panel (E) should face leg (D).

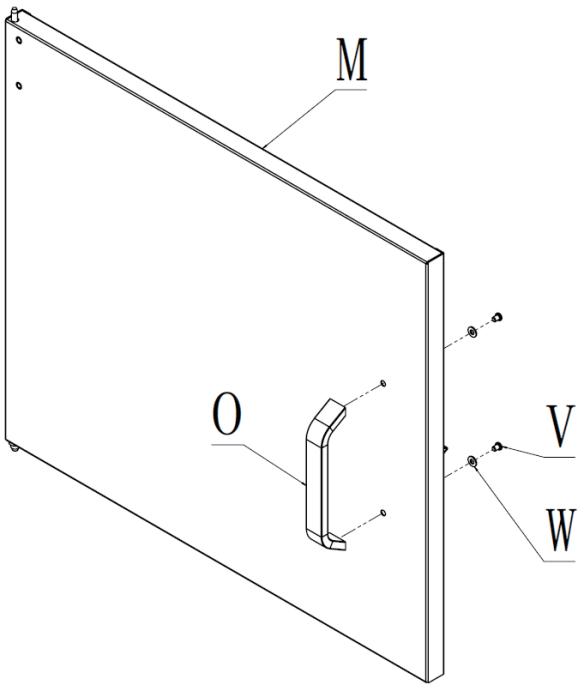

Step8-2. Attach the divider panel (K) to the bottom panel (E) using 2 screws (U) as shown.

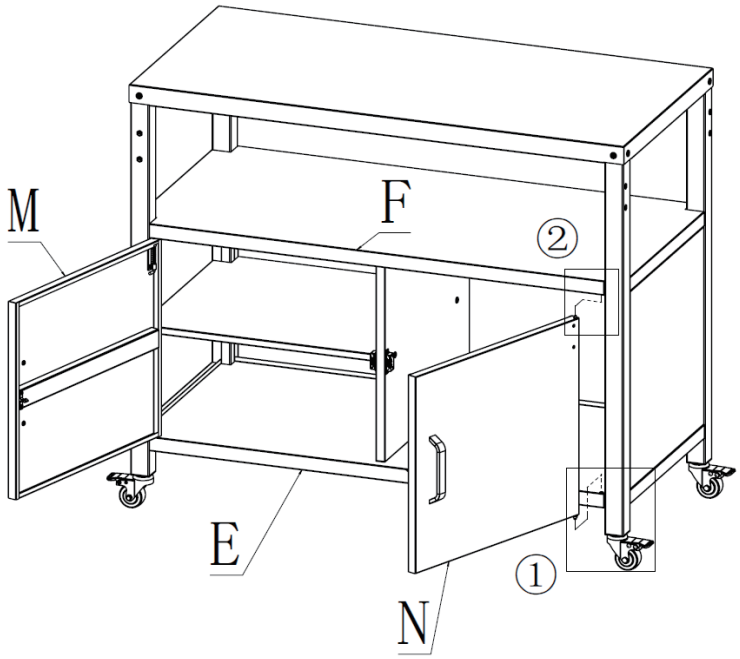

Step9-1. Attach the door catch (Y) to the left cabinet door (M) using 2 screws from the same bag.
Note: Center the catch horizontally. Repeat for the right door (N).

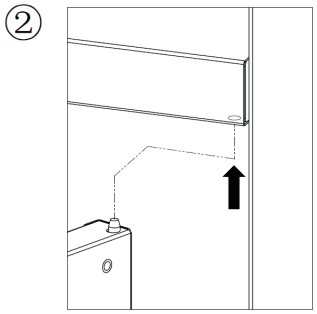

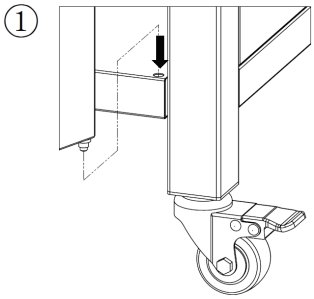

Step9-2. Attach the door handle (O) to the left cabinet door (M) using 2 screws (V)
and 2 washers (W). Repeat for the right door (N).

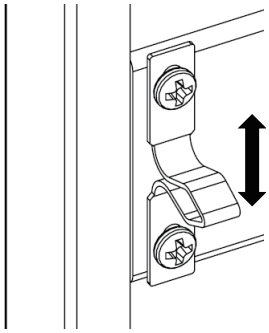

Step10. Insert the bottom pin of the right cabinet door (N) into the hole on the bottom panel (E). Pull down the spring latch handle, align the latch with the hole on the middle shelf (F), and release to insert. Repeat for the left door (M).

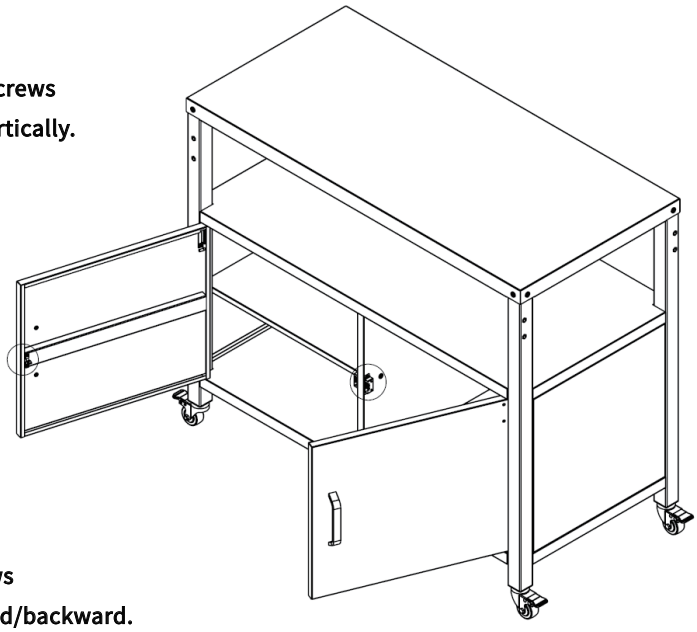

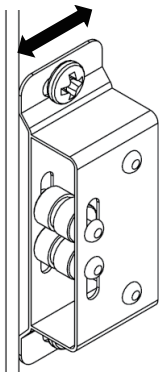

Step11. If the doors are misaligned or the catches don't match, adjust as shown.

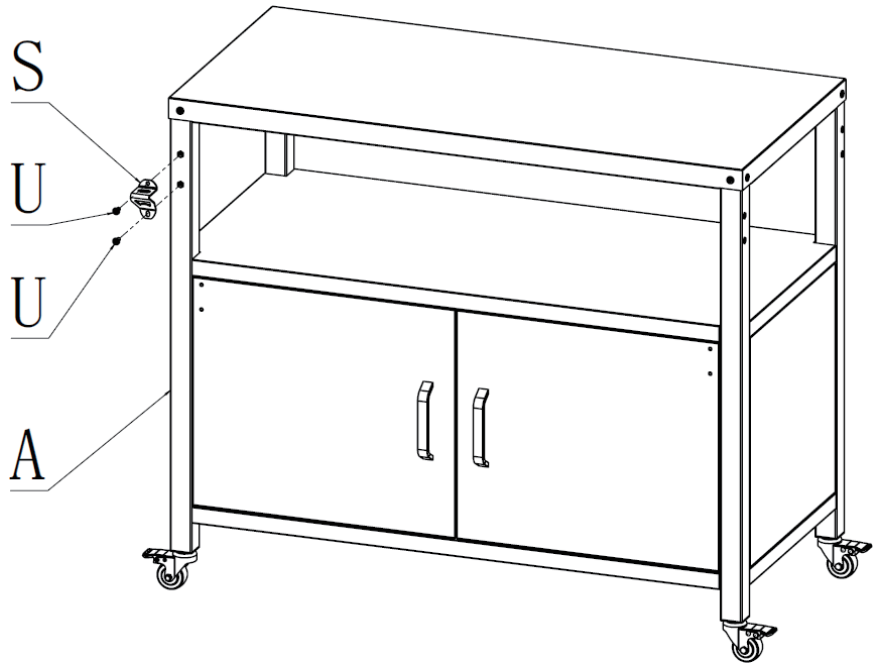

Loosen the upper and lower screws counterclockwise to adjust vertically.

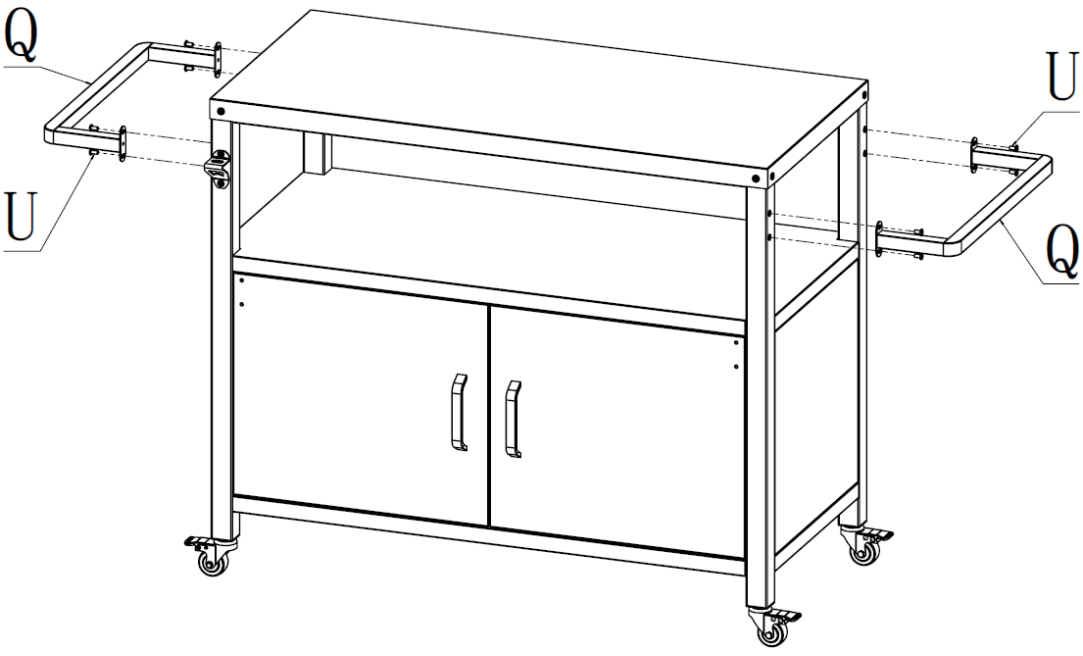

Loosen the upper and lower screws counterclockwise to adjust forward/backward.

Step12. Attach the bottle opener (S) to leg (A) using 2 screws (U) as shown.

Step13. Attach the handles (Q) to the 4 legs (ABCD) using 8 screws (U) as shown.

Step14. Place the storage box (P) directly into the handle (Q) as shown.
