Please read this manual before installation and keep it for reference.

Product Installation Manual

Warm Reminder:

1. Please disconnect the power supply before installation and determine the installation plan and the weight-bearing capacity of the ceiling.

2. To ensure proper installation, please assign a professional to install, inspect, and maintain the product.

3. Put on the ceiling mounting plate and secure it with the fixing ring. Then, check that all parts of the lamp are properly installed and ensure that the installation is secure.

4. Only use the product normally after confirming that the installation is correct.

Item	Specification /Value
Input Voltage	AC 85-265V, 50/60Hz
Rated Power	80W
Power Factor	>0.9
Light Source	LED SMD
CCT (Correlated Color Temperature)	3000K / 4000K / 5000K (Adjustable)
CRI (Color Rendering Index)	Ra > 97
Luminous Flux	8000 Im
Luminous Efficacy	100 Im/W
Beam Angle	120°
Lifetime	50,000 hours
Material	(Die-cast Copper, PMMA Cover)
Dimensions	62.99in *9.84 in*11.02 in (Fixture Body)
Weight	8.8 lb
