

HUAYING

HY010-Q/T

Suggestion: To make the installation process easier and faster, we recommend that two people work together to install the **Bed Frames**.

Helpful Hints

1. We recommend two people to assemble the product easier and faster.
2. Please DO NOT tighten the screws deeply during assembling avoiding that metal frame can be bent and plank will crack.
3. We recommend that all screws should not be tightened over during assembling to make it easy to adjust. When it is adjusted to proper station all screws should be tightened.
4. Caution: If using a power drill or power screwdriver for screwing, please be aware of to slow down and stop when screw is tight. Failure to do so may result in stripping the screw.

Customer Service

As this item contains many parts, please read the installation instruction carefully before installation and complete the installation with the cooperation of your partner. Please use tools properly and carefully. If you have any questions about the product and installation, please contact us freely.  hy20241127@163.com

★ In many cases, we include additional hardware. So after following the assembly instructions, don't worry if there are still extra pieces left over—they're included as a "just in case" for your convenience.

INSTALLATION INSTRUCTIONS

Step 1

INSTALLATION
INSTRUCTIONS

Step 2

Step 3

Step 4

Step5

Please pre-install the
screws to 50% first.

Step6

Don't lock it tight. Lock it 50 percent.

Step7

After hanging up the NO.8part, tighten all the screws

Step 8

When unfolded, there is a Velcro strip on one side of the light strip, which is attached in sequence to the bottom of Component 7, Component 9, Component 18, Component 8, and Component 6.

Step 9

Step 10

Step 11

Step12

First, insert the light strip wire of Component 20 into component 22, and then connect it to the controller interface.

Step13

After all the installation steps are completed, fine-tune every detail to the best reasonable comfort level. Please tighten all the screws before use! After using it for a period of time, check if the screws at all connection points are loose and tighten them to reinforce. This will ensure the product is in its best condition!
