

# Model:48393

①

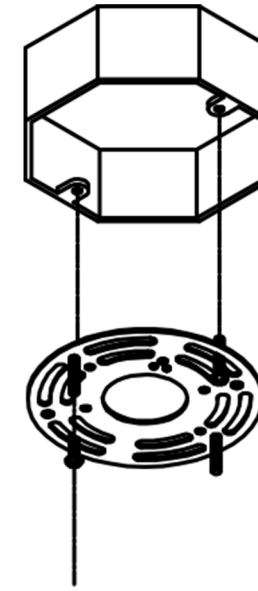

1. Insert lamp body A into lamp body B and secure with screws.

②

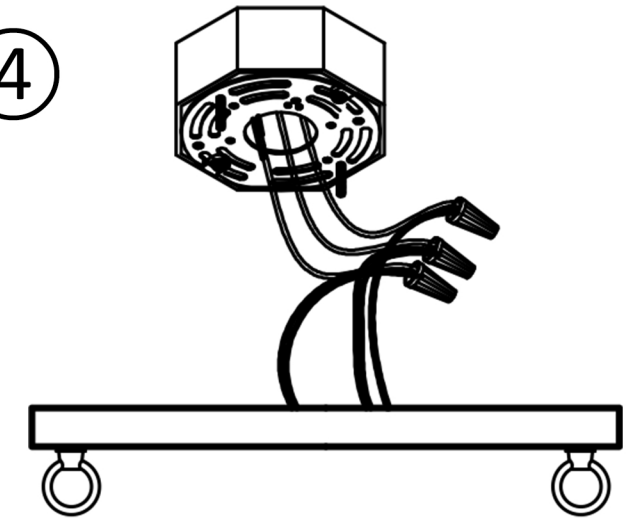

2. Screw the metal tube onto the lamp body and connect the lamp base to the lamp body using the quick link.

③

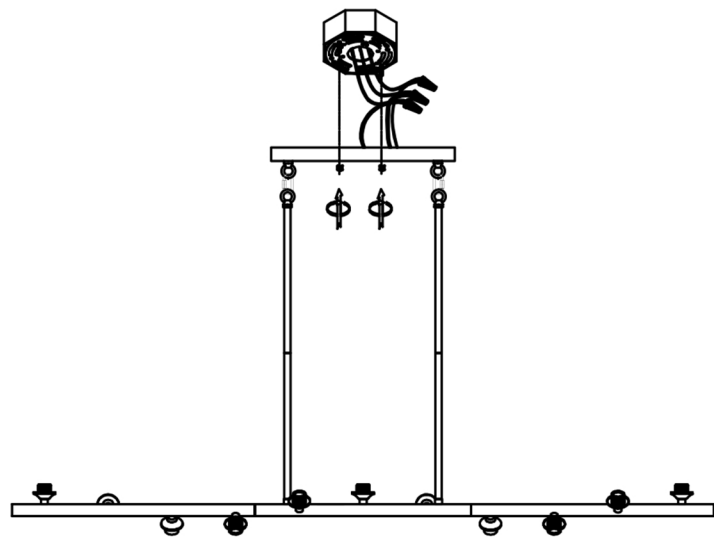

3. Use 2 long screws to fix the hanging board to the junction box.

④

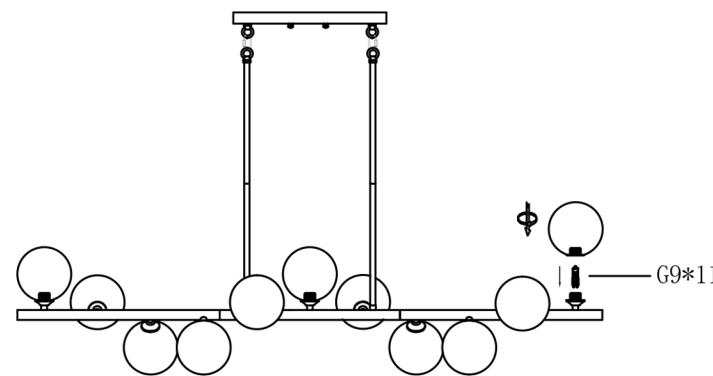

4. Wire the device by matching the colors of the wires. A total of 3 wires: Live wire, Neutral wire, and Ground wire, " L " is the live wire, " N " is the neutral wire, the live wire is connected to the black ceiling wire, and the neutral wire is connected to the white ceiling wire. Cover the connection by tightening the wiring cap. To avoid electric shock, please do not let the copper wire expose.

⑤

5. Install the lamp body on the hanging board and tighten them with the short screws.

⑥

6. Install 11 G9 bulbs (Note: bulbs are not included) and install the lampshades.
