

SpaViva™ | K-28682-Y

Two-function handshower with all-in-one cleansing device, 2.5 gpm

Features

- Multifunction handshower with advanced spray engine provides two spray experiences: Full Coverage with Katalyst technology and MicroBubble
- Full coverage with Katalyst® air-induction technology delivers a drenching spray experience, ideal for rinsing shampoo from hair
- MicroBubble spray infuses tiny bubbles into water to help clean pores and leave skin feeling refreshed
- Easily transition between sprays with control buttons on sprayface
- Handle extends 2-5/8" (67 mm) with push of a button to wash hard-to-reach areas
- 2.5 gpm (9.5 lpm) maximum flow rate
- All-in-one cleansing device features four interchangeable attachments: facial brush, body brush, body scrubber, and body massager
- Facial brush with small, gentle silicone bristles helps to deep-clean pores
- Body brush with full, densely placed silicone bristles tackles larger areas of the body
- Body scrubber with natural stone surface delicately exfoliates to remove dead skin from feet
- Body massager with five pressure-point nodes targets tired muscles
- Three speed settings give you the option to customize your experience with each attachment
- Rechargeable device provides 1-1/2 hours of usage between charges
- Magnetic docking allows cleansing device to be easily detached from handshower for use on its own
- Package Includes handshower, all-in-one cleansing device, four head attachments, charging station with cord
- Shower hose sold separately
