

Instruction Manual

Care and safe use guidelines

SAFETY INFORMATION

WARNINGS:

- This appliance will become very hot in use, do not move it during operation.
- Always use heat resistant gloves when adding fuel or when using any safety tool (where supplied).
- Do not use this appliance in a confined and/or habitable space e.g. houses, tents, caravans, motor homes or boats. Danger of carbon monoxide poisoning fatality.
- Keep children and pets away.
- Do not use this appliance as a furnace.

FIRE HAZARD:

- This appliance must be installed on a secure level base before use.
- Do not use this appliance on wooden decking or any other flammable surfaces such as dry grass, wood chips, leaves or decorative bark, etc.
- Do not use this appliance on artificial grass or other surfaces that are not heat resistant.
- Hot embers may be emitted whilst in use.
- Ensure that this appliance is positioned at least 2 meters away from any flammable materials and has a minimum clearance of 2 metres from overhead and adjacent surroundings.

CARE & USE

- When lifting or moving this appliance, never drag it; seek assistance as necessary.
- As this appliance has components made from steel and/or cast iron, the surface will age and develop surface rust over time once it is exposed to natural weather elements. This is to be expected and does not constitute an appliance fault.
- For safety reasons, it is recommended to inspect this appliance before each use for signs of fatigue and damage.

Parts List:

A: 1PCS

B: 2PCS

C: 2PCS

D: 2PCS

E: 1PCS

F: 1PCS

G: 4PCS

H: 1PCS

I: 2PCS

J: 2PCS

K: 1PCS

AA: M6*45
8PCS

BB: M10*130
1PCS

CC: M10
1PCS

DD: M6*15
8PCS

FF: M6*15
4PCS

GG: 1pcs

Step 1: Attach the tube(D) x 2pcs using bolt BB x 1pc and nut CC x 1pc.

Step 2: Attach legs(B) x 2pcs and legs(C) x 2pcs to tube(D) using bolt AA x 8pcs.

Step 3: Attach the ring(G)x 4pcs to legs(B,C) using bolts DD X 8pcs.

 DD: 8pcs
