

Vanity Lighting Fixture

NOTE:

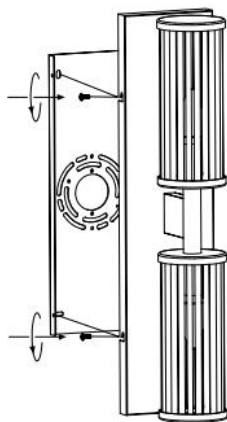

- * Make sure **POWER** is **COMPLETELY OFF** at the fuse box
- * Have your fixture installed by a qualified licensed electrician
- * Prepare everything in a clear area
- * Wear gloves at all time during this installation
- * Read instructions carefully before you start assembly
- * Keep this installation sheet for future reference

Installation: Hard-wired connection

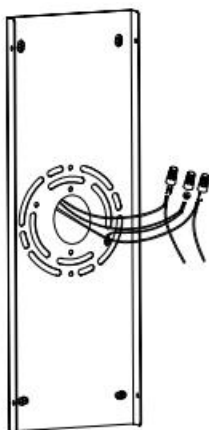

1. Remove the lamp from the original package and separate the mounting plate from the lamp body.
2. Secure the mounting plate to the electrical junction box using the screws provided in the hardware kit (see item a).
3. Make the proper electrical connections using the wire nuts provided in the hardware package (black to live "L", white to neutral "N", and ground to "GND" (see item b).
4. Secure the lamp base to the electrical junction box using the screws (see item c).
5. Insert the E12 bulb (not supplied) and secure the glass shade (see item d).
