

INSTALLATION INSTRUCTIONS

PARTS LIST

Screw

Gasket

Adjustable leveling feet

Hex wrench

The extra parts are for spare

STEP 1

Remove the screws from the table legs and take off the crossboard.

STEP 2

Pass the legs of one table through the legs of another table and then assemble them together.

STEP 3

Put the crossboard back in place

Secure the cross board with the original screws, and also secure the bottom of the table legs with screws.

STEP 4

Install the table legs on the back side of the tabletop.
Fix it with screws

Adjustable leveling feet

STEP 5

Install Adjustable leveling feet at the
bottom of the table legs

Installation completed
