40 Liter

## Stainless-Steel Dual Section Slim Trash Can

The 40 Liter Stainless-Steel Dual Section Slim Trash Can is ideal for areas with limited space where you need an efficient way to dispose of trash. Our trash cans are created to be compact with its lustrous space-saving design. Though it may be a compact trash can, both openings are wide enough to allow for easy trash disposal. Alpine's 40 Liter Stainless-Steel Dual Section Slim Trash Can comes equipped with two plastic liners that secure the trash bags in place, and if any spills occur, it's simple to clean. With the stainless-steel body, rust will not be a concern and ensures the longevity of your investment. The dual compartments are ideal for sorting your waste and recycling without compromising your space. Our trash cans are developed to hold up to 10.5 gallons/40 liters of waste and can be utilized in offices, bathrooms, and bedrooms. The 40 Liter Stainless-Steel Dual Section Slim Trash Can is an inexpensive investment that you are guaranteed to have for many years, backed by our excellent customer service.
