

Viking Disclaimer:

Due to thinning fingerprints ALL fingerprint readers will lose accuracy with increasing age.

Not recommended for people who meet the following conditions:

Elderly people; some people over 55—60 years (depends on the individual), people who have scarred or worn out finger prints, have wet or excessively moist or excessively dry hands, hands are water soaked, have excessive grease, lotion or dust on fingers. However, because we use the best available fingerprint reader (optical sensor with a very high DPI), most people will be extremely happy with the performance of this safe.

WARNING: IN FACTORY DEFAULT MODE ANY FINGERPRINT AND 1234 PIN WILL OPEN THE SAFE.

REGISTER AT LEASE ONE FINGERPRINT AND CHANGE THE PIN, SO SAFE IS NO LONGER IN FACTORY DEFAULT MODE!!!
