TIMBERLAKE

PLAYHOUSE

MODEL: # 65314

WARNING

Adult Assembly Required.

The assembly manual must be retained since it contains important information
Not suitable for children under two years due to sharp points and small parts.
FOR DOMESTIC USE ONLY. INTENDED FOR OUTDOOR USE.

Please visit www.backyarddiscovery.com

SAFETY AND ASSEMBLY INFORMATION

SELECTING THE CORRECT LOCATION FOR YOUR PLAY PRODUCT IS IMPORTANT FOR YOUR CHILDREN'S SAFETY AND THE PRODUCT'S LONGEVITY

Dimensions:

- The Timberlake has one layout option.

Layout Ground Dimension
3'-6" x 3'-10 11/16" x 56" Tall

Safe Play Area*
15'-6" x 15'-10 3/4"

*Level Ground Surface - See below

General Information:

Your set has been designed and engineered for children only and for residential use only. A maximum of 150 lbs. per child is recommended for play activities designed for individual use. A maximum of 120 lbs. per child is recommended for play activities designed for multiple child use. A maximum of 6 children is recommended for this unit.

Safe Play Area:

- The safe play area refers to a zone extending 6' beyond the play product on all sides, including the space above the play product.
- The ground surface **must be level**. Installing your play product on sloping ground can cause it to lean or "rack". This leaning puts additional stress on all connections and joints and in time will cause those connections to loosen and fail.
- The safe play area must be free of all structures, landscaping, trees and branches, rocks, wires, and other obstacles to safe play. Children can be seriously injured running or swinging into these obstacles.
- Remove all tripping hazards from the safe play area. Tripping hazards include: roots, stumps, rocks, landscaping, sprinkler heads, railroad ties, plumbing and electrical connections.
- Play product needs to be installed on solid ground.

PRE-ASSEMBLY STEP 1 - SORTING PARTS

It is critical for ease of assembly that you take the time to sort and organize the wood and hardware.

WOOD PARTS:

- Organize wood parts by the three-digit, alpha-numeric number stamped on each board (ex. P01).
- If there are multiple boards with the same stamped number, stack those pieces together.
- Stamps can be found on the flat surface of the boards or on the end of the boards.
- Allow yourself plenty of room - the wood pieces can take up a significant amount of space.

NOTE: CARTONS ARE NOT ORGANIZED BY BOARD NUMBER.

HARDWARE PARTS:

- We recommend that you have a separate table to organize the hardware.
- Hardware bags are printed with a seven-digit, alpha-numeric part number.
- You can organize your hardware by part number or group by hardware type (i.e. bolts, nuts, etc.).
- During assembly you only need to reference the last four digits of the number.

PRE-ASSEMBLY STEP 2 - TOOLS REQUIRED

Cordless Drill or Electric Drill

Drill Attachments:
Phillips Head

1/8", 3/16", 3/8" & 7/16"
Drill Bits

Phillips Screw Driver

Open End Wrenches 1/2" & 9/16"

3/8" Drive Ratchet, 1/2" &
9/16" STD Sockets 1/2" & 9/16" Deep
Sockets

Claw Hammer

Rubber Mallet - Optional

Tape Measure

Square

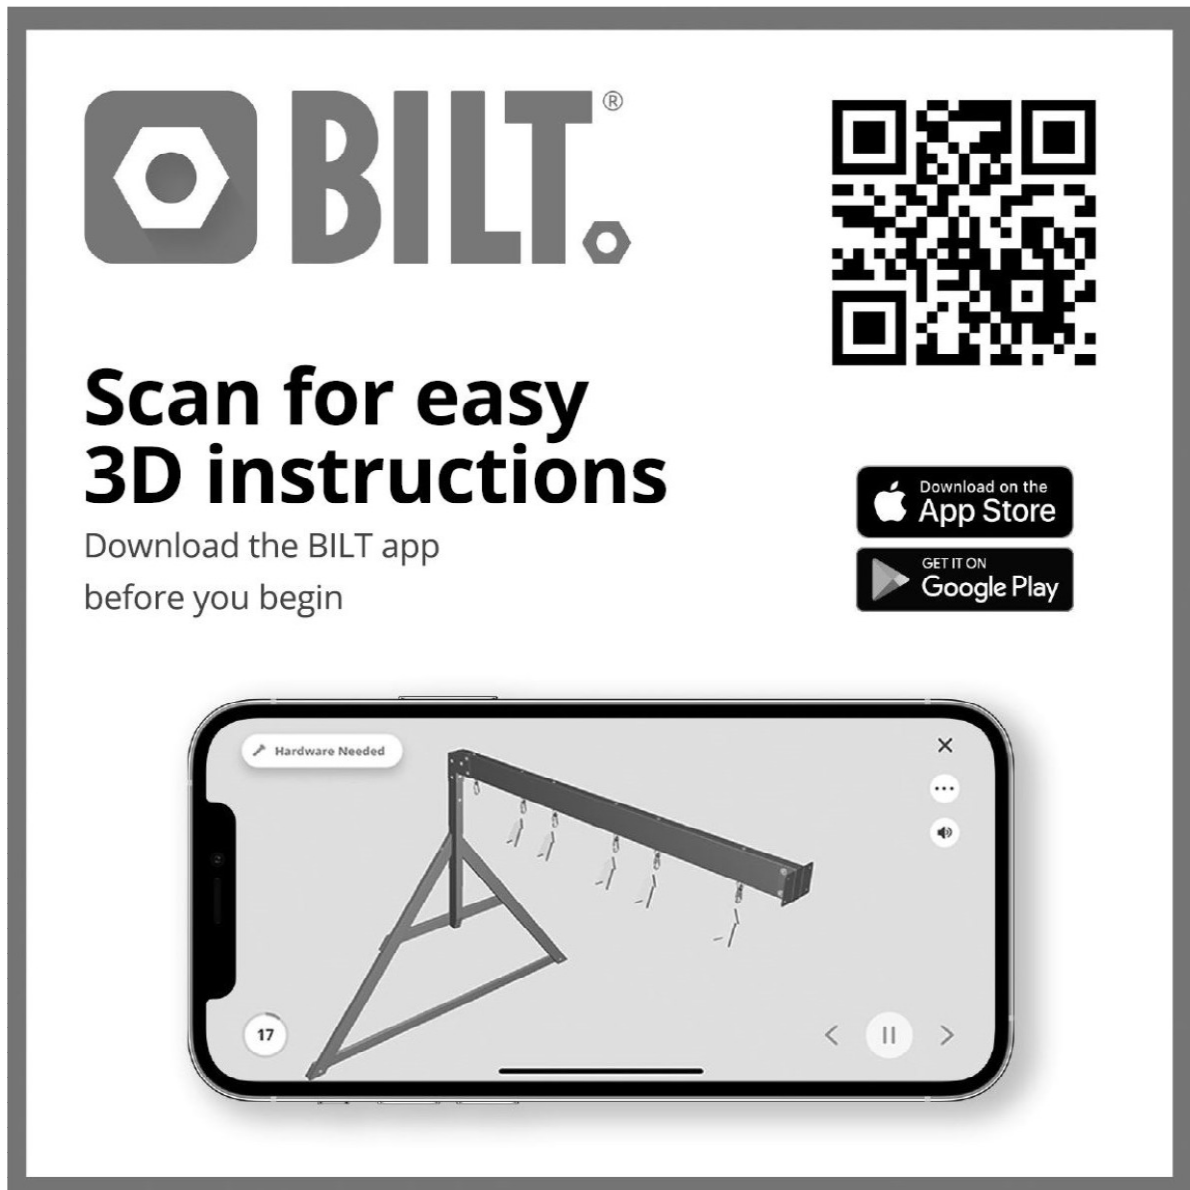

Level 24"

PRE-ASSEMBLY STEP 3 - CHOOSE YOUR ASSEMBLY METHOD

There are several types of assembly instructions available to you.

1. **Printed Assembly Manual** included with your set
2. **BILT APP** - 3D interactive instructions
3. **Combination of the Printed Manual and BILT APP** (Note: Step numbers can differ between the two methods)

The advertisement features the BILT logo on the left, which consists of a stylized hexagonal icon with a central dot and the word "BILT." in a bold, sans-serif font. To the right of the logo is a large QR code. Below the logo and QR code, the text "Scan for easy 3D instructions" is written in a large, bold font. Underneath this, it says "Download the BILT app before you begin". To the right of the text are two buttons: "Download on the App Store" with the Apple logo and "GET IT ON Google Play" with the Google Play logo. At the bottom of the advertisement is a smartphone displaying a 3D assembly instruction. The screen shows a 3D model of a metal frame with a horizontal bar and several hanging components. The interface includes a "Hardware Needed" button at the top left, a close button (X) at the top right, a menu button (three dots) and a volume icon below it, and a page number "17" in a circle at the bottom left. Navigation arrows and a pause button are visible at the bottom right of the screen.

Playhouse Assembly

STEP 1:
STAND THE (4) CORNER WALL ASSEMBLIES AS SHOWN BELOW.

(1) WP6 - UPPER CENTER WALL
- W2A01510

(1) WP5 - LOWER CENTER WALL
- W2A01509

STEP 2:

(1) WP7 - UPPER REAR CENTER WALL
- W2A01522

(1) WP8 - LOWER REAR CENTER WALL
- W2A01523

STEP 3:
