

INSTRUCTION ASSEMBLY

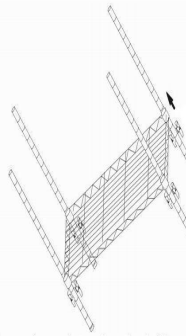

4 TIERS WIRE SHELVING

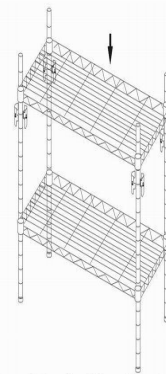

1: Screw the adjustable feet to the lower poles.

2: Snap the plastic clips into the pole groove of four lower poles at the same position.

3: Please make sure that you have the shelf the correct way up. Hold the shelf on its side and slide the top of the four poles through the bottom of the shelf at its corners until there is a snug fit. After the four poles have been slid through the shelf corner holes, set the shelf upright.

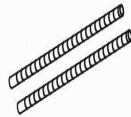

4: Repeat the step (2) and the step (3) to assemble the 2nd wire shelf as the photo.
