

A wooden stool with four curved legs, shown in a disassembled state. The legs are made of light-colored wood and are arranged in a square pattern. The text "easy to assemble" is centered in the middle of the stool. In the foreground, there are three pieces of hardware: two L-shaped brackets and one screw, all made of metal.

easy to
assemble

1. UNPACK THE ASSEMBLY KIT

- Contains:
2 wood legs
1 High Memory cushion
4 screws
1 INBUS
1 catalogue

2. CONNECT THE TWO PARTS OF THE FRAME TOGETHER

Make sure bigger holes are facing inward

3. LAY THE CUSHION FACE DOWN ON THE FLOOR (holes facing upward)

4. START WITH
THE UPPER LEG

5. INSERT THE 4 SCREWS IN THE HOLES

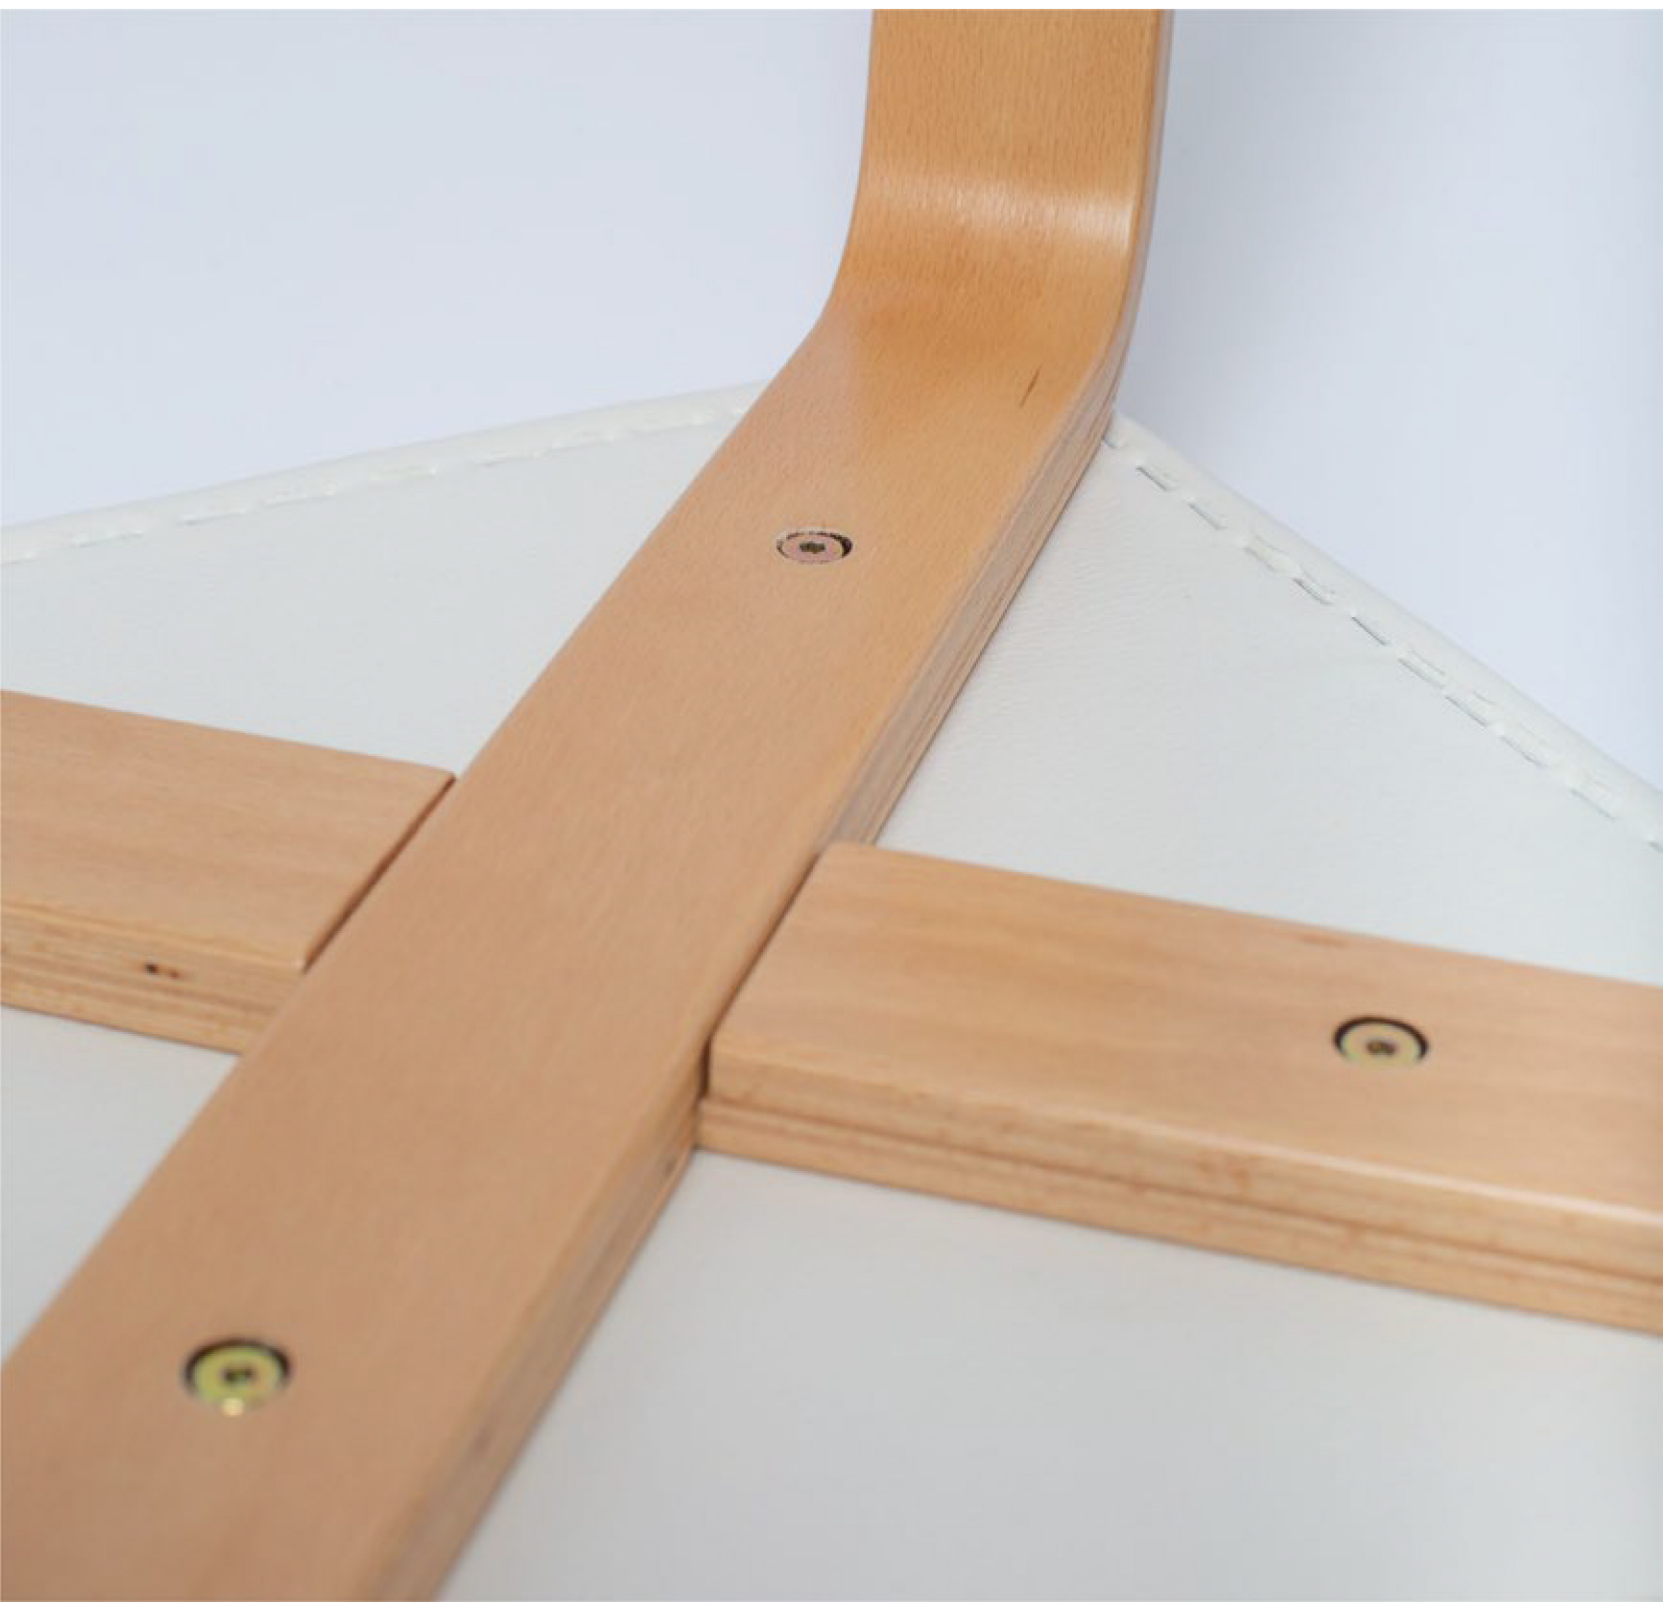

Use the inbus to tighten

6. CONTINUE WITH THE NEXT LEG AND OVERLAP IT OVER THE MOUNTED LEG.

7. TIGHTEN THE SCREWS, SECURING THE LEGS TO THE PILLOW

8. ENJOY IN YOUR HOME
