3. 20W Power Adapter x 1
4. User Manual x 1

### • Warranty Policy

We provide a one-year warranty for any defects in materials or workmanship.

LED Desk Lamp			
Style	Modern	Model NO.	SD873W5(15)
Light Source	LED	Net Weight	0.67lb (306g)
Total Power	20W(Max)	Control Method	Touch
LED Power	4 Watts	Main Material	ABS

## Attention

1. Please use the provided adapter and power socket that comply with electrical safety standards.
2. Do not stare directly at the light source.
3. Keep the lamp away from rain and damp conditions.

4. Do not place metallic objects on the wireless charging area.

5. Do not touch the power plug with wet hands to avoid electric shock.

6. If the lamp malfunctions, please contact a professional for repair. Do not attempt to disassemble it yourself.

7. The LED chips are not replaceable.

## Instructions

1. Connect the lamp to a wall outlet using the provided power adapter, then press the touch button to turn the desk lamp on or off.

2. The indicator light will turn red first when the lamp is powered on. Tap the touch button to adjust the brightness level; long-press the button to switch the light color.

3. Align the back of your mobile device with the wireless charging symbol on the lamp. A red indicator light means wireless charging is in progress, a green light indicates charging is complete, and a blinking light signals a charging error – please unplug the power cable and reinsert it to try again.

4. **Important Power Note:** Use the included adapter and Type-C cable when using both the lamp and wireless charging function simultaneously. For lamp-only use, the lamp can be powered by a power bank, computer USB port, or other compatible USB devices.

## Notes:

1. Warranty: 12-month warranty and 60-day full refund for any quality issues.
2. Damage caused by neglect of this manual is not covered by this warranty

### FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.  
Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.  
However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:-- Reorient or relocate the receiving antenna.-- Increase the separation between the equipment and receiver.-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.-- Consult the dealer or an experienced radio/TV technician for help.  
To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum 20cm distance between the radiator and your body. Use only the supplied antenna.
