

## Assembly Instruction Manual

### CAUTION:

-Before installing fixture, make sure the power to the circuit is turned off at the main fuse box.

### IMPORTANT SAFETY INSTRUCTIONS:

-These instructions are provided for your safety. It is very important that they are read carefully and completely before beginning the assembly and installation of this lighting fixture.  
-We strongly recommend that a professional electrician install all direct wire fixtures.

### PRE-ASSEMBLY:

-Remove all parts and hardware from box along with any plastic protective packaging.  
-Do not discard any contents until after assembly is complete to avoid accidentally discarding small parts or hardware.  
-For your safety, it is strongly recommended that two people install the lighting fixture.

### WARNING:

-To reduce the risk of fire, electrical shock or personal injury, always turn off light fixture and allow it to cool prior to replacing the light bulb.  
-Do not touch bulb when fixture is turned on; do not look directly at a lit bulb.  
-Keep flammable materials away from lit bulb.

### TOOLS REQUIRED (not included):

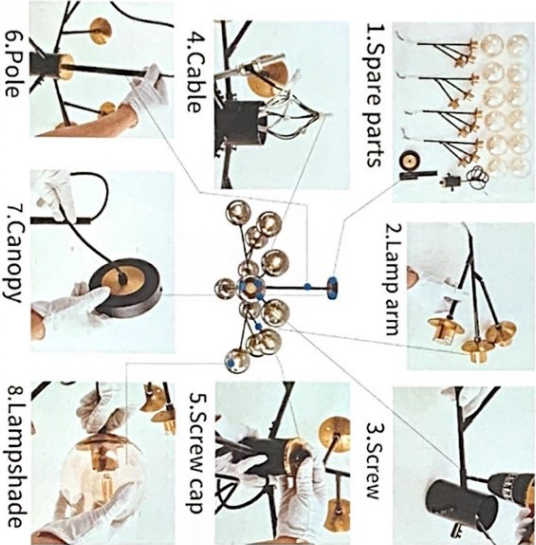

-The following installation tools are for reference only.

Step Ladder	Phillips Head Flat Blade Screwdrivers	Plier	Wire Cutter/Stripper	Electrical Tape
-------------	---------------------------------------	-------	----------------------	-----------------

### CARE INSTRUCTIONS:

-Wipe clean with a soft, dry cloth or static duster.  
-Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

### PRODUCT RENDERING:

Please open the lamp link to view the installation video or installation picture, which has detailed installation steps.

### The installation sequence

(7) → (1) → (2) → (3) → (4)  
(5) → (6) → (8)

First layer: Light Body  
Second layer: Glass
