

INSTALLATION AND OPERATION GUIDE FOR Dreffco Fire Ring Burners

WARNING: FOR OUTDOOR USE ONLY
INSTALLER: LEAVE THE INSTRUCTIONS WITH CONSUMER

WARNING: If the information in this manual is not followed exactly, a fire or explosion may result causing property damage, personal injury or loss of life.

Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance.

WHAT TO DO IF YOU SMELL GAS

1. Do not try to light any appliance
2. Do not touch any electrical switch; do not use any phone in your building.
3. Immediately call your gas supplier from a neighbor's phone. Follow the gas supplier's instructions.
4. If you cannot reach your gas supplier, call the fire department.

Installation and service must be performed by a qualified installer, service agency or the gas supplier.

WARNING: Improper installation, adjustment, alteration, service or maintenance can cause injury or property damage. Read the installation, operating and maintenance instructions thoroughly before installing or servicing this equipment.

This equipment contains a burner orifice specifically for the input gas and Btu rating. Modifying or failure to use the factory orifice may cause property damage, personal injury or loss of life.

This equipment is intended for use with an input of Natural or Propane gas only.

Clothing or other flammable materials should not be hung from the appliance, or placed on or near the appliance.

Children and adults should be alerted to the hazards of high surface temperatures and should stay away to avoid burns or clothing ignition.

Young children should be carefully supervised when they are in the area of the appliance.

Keep the appliance area clear and free from combustible materials, gasoline and other flammable vapors and liquids.

Covers must be removed when burner is in operation.

For installation on or over non-combustible floors only.

NEVER LEAVE THIS APPLIANCE BURNING WHILE UNATTENDED.

Installation and repair should be done by a qualified service person. The appliance should be inspected before use and at least annually by a qualified service person. More frequent cleaning may be required as necessary. It is imperative that the burner and circulating air passageways of the firepit be kept clean.

Storage of the appliance indoors is permissible only if the gas cylinder is disconnected and removed from the appliance.
