Application

This wagon wheel chandelier is suitable for living rooms, dining rooms, foyers, bedrooms, kitchens, cafes, bars, and hotels. Suitable for flat, vaulted, or sloped ceilings.

Notes

1. Please check the size of an item before purchase to confirm whether it meets your requirements.
2. For a longer service life, Please use it in a dry environment.
3. Before installing the chandelier, make sure the power has been turned off to avoid the danger of electric shock. At the same time, in the installation process use the appropriate tools and materials to avoid safety hazards.
4. Please choose a suitable location before installation so that the whole room can be better illuminated. If it is used in the dining room or kitchen, it is recommended to choose to install it above the dining table or kitchen island.
5. Before placing an order for this chandelier, please consider the weight of the chandelier and the weight-bearing capacity of the chosen location. If the load-bearing capacity is not enough, you need to strengthen the support or choose another installation location.

6. When connecting wires, please make sure the wiring is correct to avoid short circuits or fire, etc. If you are not sure how to wire, it is recommended to ask a professional electrician to help with the installation.
7. Please clean and maintain the chandelier regularly to ensure its normal use. In particular, the bulbs need to be replaced regularly to avoid affecting the lighting effect.
8. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before ordering.
