Martine Arced Bar Cabinet

Our Arced Bar Cabinet brings a touch of mid-century drama, from its veneered cherry doors with soaring cathedral grains to an 81-inch-high crowning arc defined by round bead molding. The interior bar configuration features a mirrored back with recessed lighting, a wine-glass rack, a removable adjustable glass shelf, a pull tray for bottles, a lower adjustable wooden shelf, and two drawers. Door hardware is solid cherry to match the case.
