Important Notes Before Assembly:

1. **Keep the table top inside the carton during leg installation. Leave the styrofoam protection under the table top to prevent scratches or damage while doing installation.**

2. **Do not place the table top directly on the floor before the legs are installed, as this may cause surface scratches.**

3. **Cut open all 4 corners of the carton completely so the carton can lie flat. This will make the assembly process smoother and easier.**
