

PRODUCT MANUAL

PRODUCT MANUAL

PRODUCT NAME: BABY BEDSIDE CRIB

IMPORTANT SAFETY INFORMATION

IMPORTANT!

READ CAREFULLY AND KEEP FOR FUTURE REFERENCE

1. WARNING: Read all instructions before assembling and using the product.
2. WARNING: Stop using the product as soon as the child can sit or kneel or pull itself up.
3. WARNING: Placing additional items in the product may cause suffocation.
4. WARNING: Do not place the product close to another product, which could present a danger of suffocation or strangulation, e.g. strings blind/curtain cords, etc.
5. WARNING: Should be placed on a horizontal floor; Young children should not be allowed to play unsupervised in the vicinity of the crib.
6. WARNING: The crib should be locked in the fixed position when the child is left unattended.
7. WARNING: Be aware of the risk of burning cigarettes, open fires and other sources of strong heat, such as electric bar fires, gas fires, etc. In the near vicinity of the crib.
8. WARNING: DO NOT use crib if any parts are missing, damaged, or broken. Contact manufacture for replacement parts and instructional literature if needed. DO NOT substitute parts.
9. WARNING: To avoid hazards from the child's neck being caught on the top rail on the side that is next to the adult bed, the top rail must not be higher than the adult bed mattress; DANGER!: Always completely raise the drop side when not attached to the adult's bed.
10. WARNING: To avoid the risk of your child being strangled the attachment system to the adult's bed shall always be kept away from and out of the crib.
11. WARNING: Entrapment Hazard - To prevent death from entrapment, bedside sleeper must be properly secured to adult bed using the attachment straps.

- a) There must be no more than ½in. (13 mm) gap between bedside sleeper and adult bed.
 - b) Check tightness before each use by pulling bedside sleeper in a direction away from adult bed.
 - c) If gap exceeds ½ in. (13 mm), DO NOT use product. Do not fill the gap with pillows, blankets or other items that are suffocation hazards.
12. WARNING: Failure to follow these warnings and the instructions could result in serious injury or death. Always follow assembly instructions for each product use mode (bedside sleeper & crib).
13. WARNING: Always use ALL required parts for each use mode. Check instruction manual for a list of required parts. Periodically check product for loose, damaged, or missing parts.
14. WARNING: Always read and follow assembly instructions for each product use mode (bedside sleeper & crib). Assemble product according to manufacturer's instructions for ANY use mode bedside sleeper as well as the crib modes.
15. WARNING: Do not use more than one mattress in the product.
16. All assembly fittings should always be tightened properly and that care should be taken that no screws are loose, because a child could trap parts of the body or clothing (e.g. strings, necklaces, ribbons for babies' dummies, etc.), which would pose a risk of strangulation.
17. The thickness of mattress shall not more than 12 inch.
18. Always ensure the bedside base is in a horizontal position.
19. DO NOT use bedside sleeper if any parts are missing, damaged, or broken. Contact for replacement parts and instructional literature if needed. DO NOT substitute parts.
20. WARNING - Only use the mattress sold with this crib, do not add a second mattress on this one, suffocation hazards.
21. This bedside sleeper is designed for use only with adult beds that are between 20 and 25 inch inches from floor to top of adult mattress.
23. The attachment system shall be provided and the user shall not use other attachment system;

24. A bedside sleeper is designed to provide a sleeping area for an infant until he or she begins to push up on hands and knees or approximately 5 months of age. Move your child to another sleeping product when your child reaches this stage.

25. Strings can cause strangulation! Do not place items with a string around a child's neck, such as hood strings or pacifier cords. Do not suspend strings over a bassinet or cradle or attach strings to toys.

26. WARNING - Do not use this product without reading the instructions first. "DANGER!" saying that the bedside sleeper, when not attached to the adult's bed, shall have all its sides in place and/or in their highest position.

27. Bedside sleepers shall never be used in an inclined position.

28. There shall never be a gap between the lower side of the bedside sleeper and the mattress of the adult bed.

29. If there is any gap between the bedside sleeper and the adult bed DO NOT use product.

ACCESSORIES

• SPECIAL STATEMENTS

The illustrations in this manual in order to indicate the operation method of the product and product structure, physical and figure. When there is a small difference between the actual object and the picture, please refer to the actual object.

WARNING

Failure to follow these warnings and the instructions could result in death or serious injury.

SUFFOCATION HAZARD

Babies have suffocated:

- On pillows, comforters and extra padding.
- In gaps between a wrong size mattress, or extrapadding and product sides.
- **NEVER** add soft bedding or padding.
- Use **ONLY** mattress provided by manufacturer.
- Always place baby on back to sleep to reduce the risk of SIDS and suffocation.
- If a sheet is used with the mattress, use only the one provided by the product manufacturer or one specifically designed to fit the dimension of the product mattress.

WARNING

 **WARNING**—Failure to follow these warnings and the instructions could result in serious injury or death.

FALL HAZARD—To help prevent falls, do not use this product when the infant begins to push up on hands and knees or has reached 20lb, whichever comes first.

SUFFOCATION HAZARD

Infants have suffocated:

- In gaps between extra padding and side of the bassinet/ cradle, and
- On soft bedding

Use only the pad provided by manufacturer.

NEVER add a pillow, comforter, or another mattress for padding.

To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician.

If a sheet is used with the mattress, use only the one provided by the bassinet or cradle manufacturer or one specifically designed to fit the dimension of the bassinet or cradle mattress.

WARNING

- 6. 25.6 inch
