

DOWNROD SIZING

for Progress Ceiling Fans

1 Choose the Right Downrod for Your Ceiling Height

2 Select the Correct Downrod Style

Single-Threaded Downrod
For Fans with Threading on the Motor Side

Pin-Connection Downrod
For Fans without Threading on the Motor Side

3 Multiple Finishes Available

The single threaded downrod is designed exclusively for ceiling fans equipped with a threading mechanism on the motor side, please verify compatibility between your chosen ceiling fan and this single threaded downrod prior to installation. Consult with Progress Customer Care for compatibility.
