Please make sure all hardware & packing material fitting the list. Especially some small accessories may be missing during transportation. Please contact us if you have any question.

step 1 ---Connect Seat Frame with Back Frame

Place the Seat Frame (B) and the Back Frame (A) together as shown,use the allen key (4) provided to fix the bolts (2) and washers (3) in order to connect both Parts together.

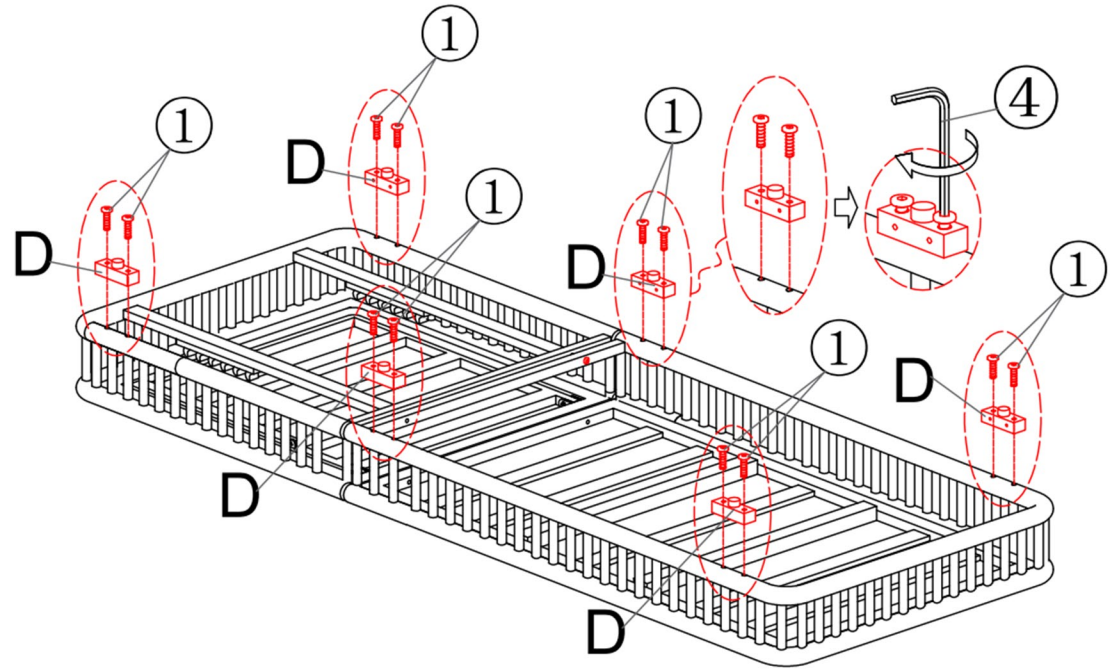

First add one flat washer on each bolt as shown, use the allen wrench provided to tighten all the bolts by 30-50% first, make sure that all bolts are aligned correctly before fully tightening.

step 2 ---Install the legs

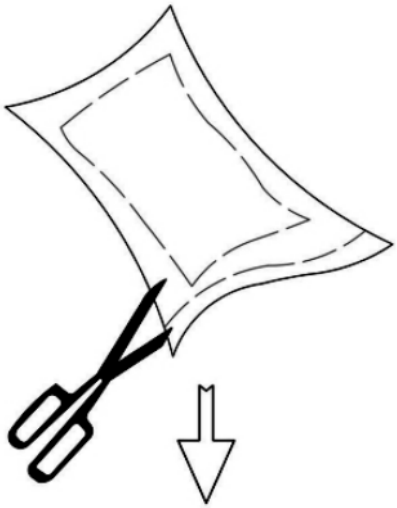

Use the bolt (1) to connect legs (D) to base frame , tighten it with allen key (4)

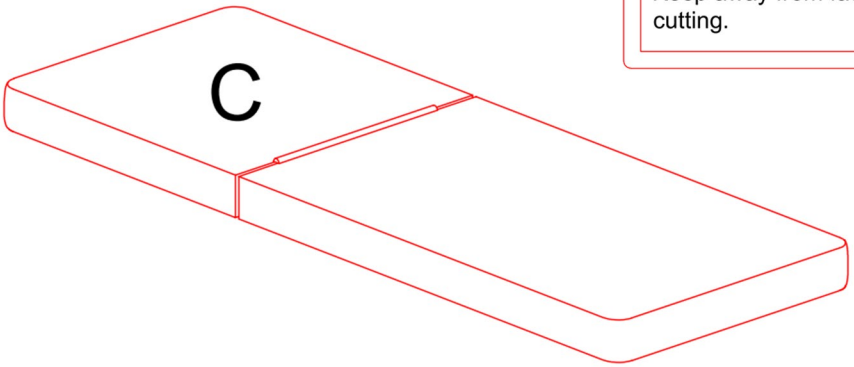

Notice:
We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

step 3 ---Cut the plastic air compression bags

Cut the plastic air compression bags, and take out the cushion (C). Let it recover to its original shape, the whole recovery process might take 48 hours, you may gently slap on it tospeed up the process.

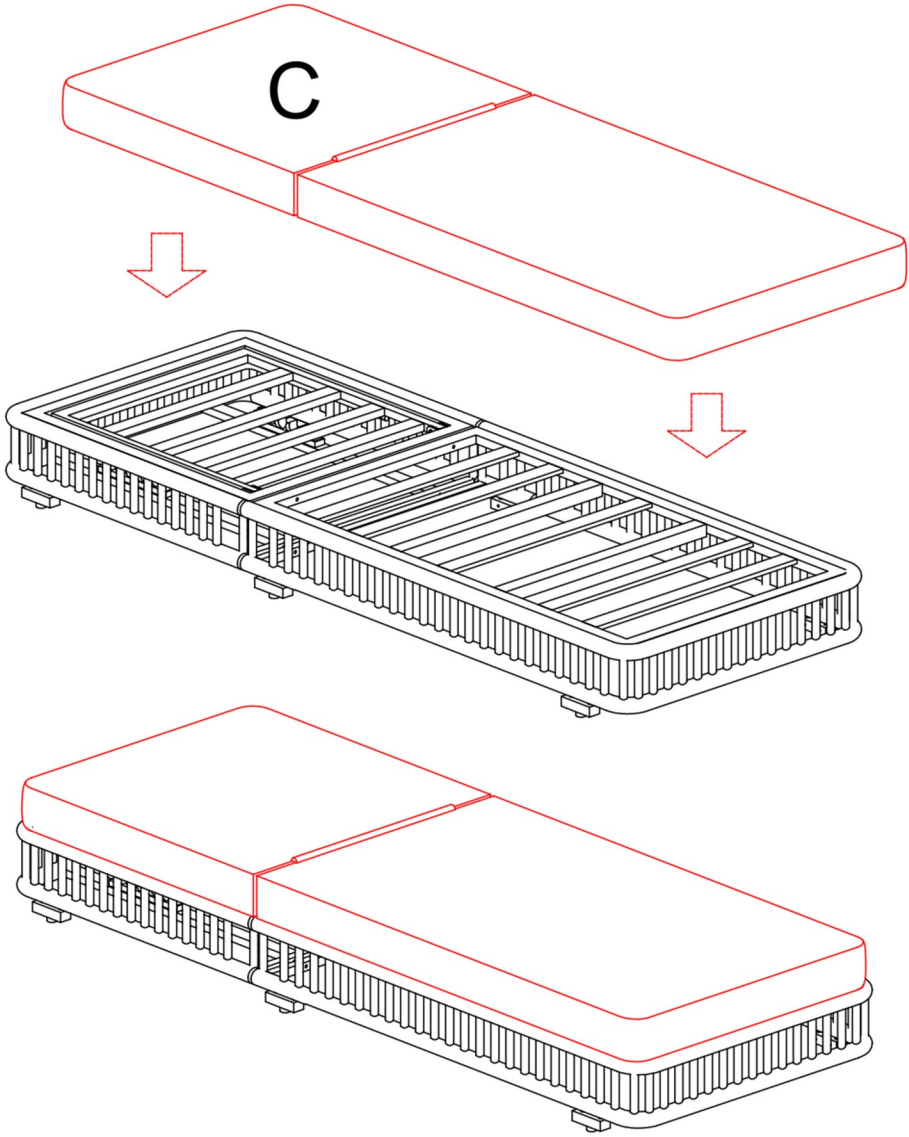

Please exercise caution when opening the packaging to avoid injury or damage to the product.

Use care when opening the bag to avoid injury from sudden expansion. Keep away from face and body while cutting.

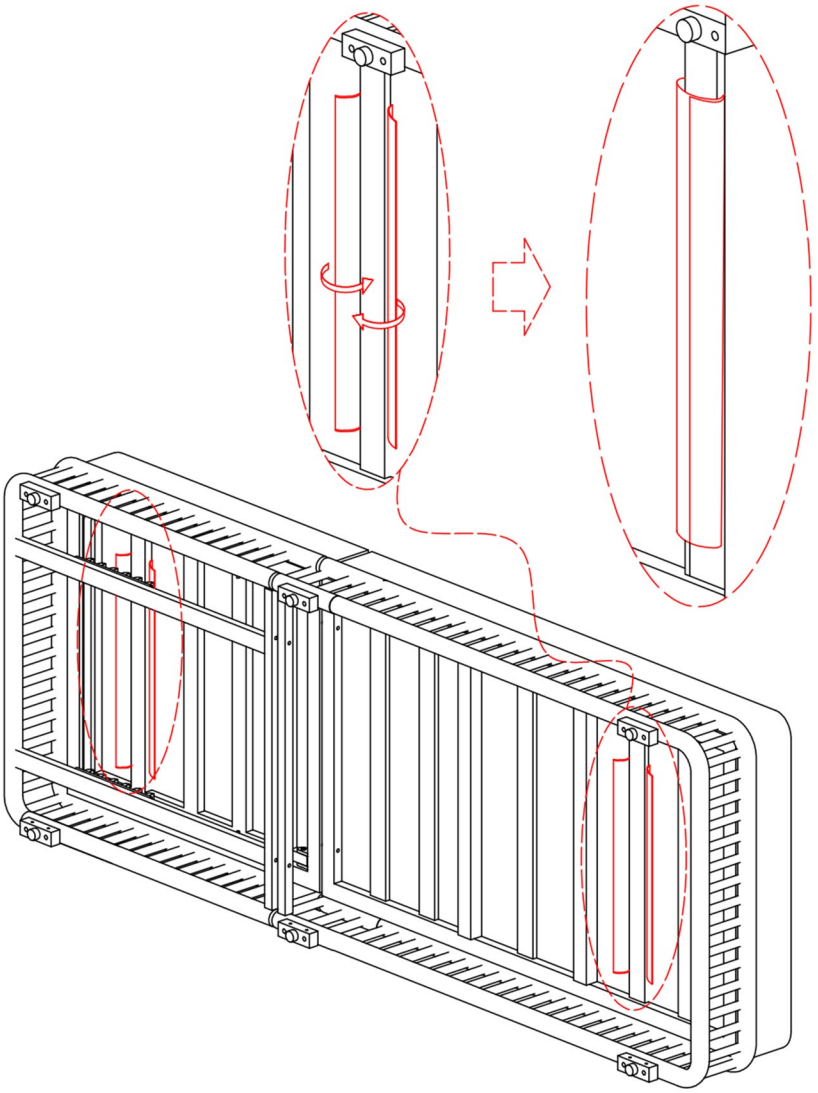

step 4 ---Place the Seat&Back cushion

Place the Seat&Back Cushion (C) on it as shown

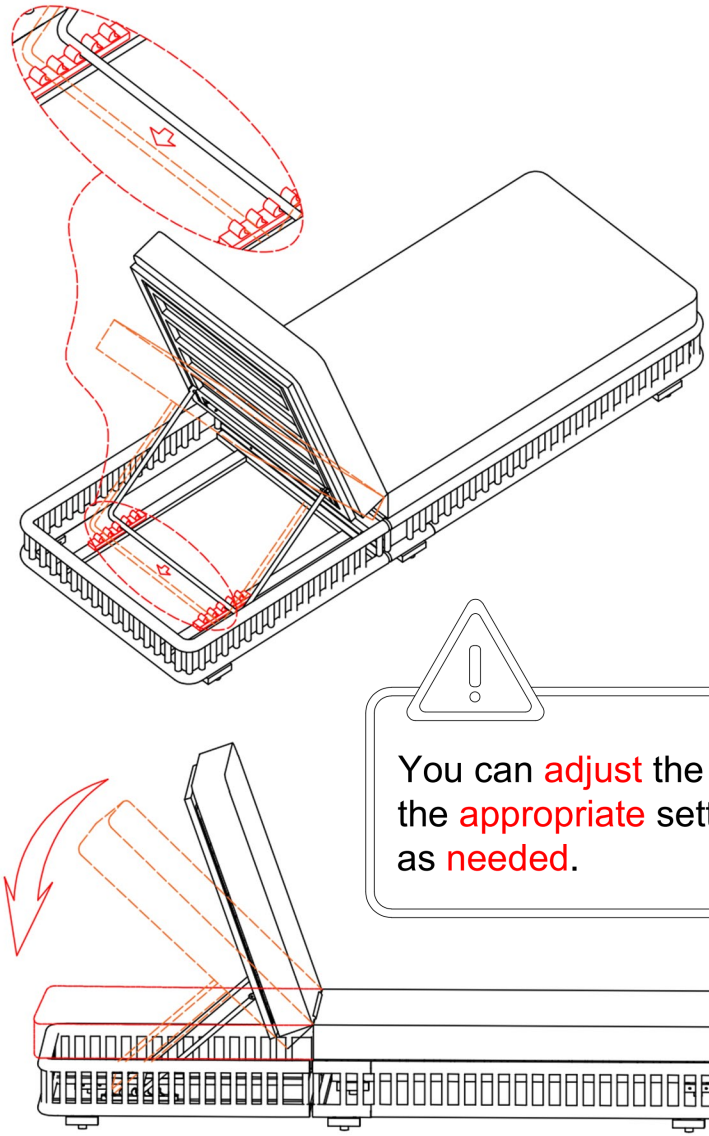

step 5 ---Secure the Velcro strips on the cushions to the frames

Secure the Velcro strips on the cushions to the frames as illustrated, ensuring proper alignment and a firm, stable attachment.

step 6 ---Adjust the backrest

The Back of the Chaise has 6-level adjustment.

You can adjust the gear to the appropriate setting as needed.

step 7 ---Assemble complete

Congratulations! You have finished the assembly, thank you again for choosing our product! Please enjoy!
