

Warranty Information

Thank you for purchasing our product. Within one year from your original purchase, the device will be covered by the manufacturer's limited warranty. During this time, any product failures will be repaired and parts replaced, provided that the equipment is used under normal conditions as expected by the manufacturer.

Warranty Terms:

Within one year, at the manufacturer's discretion, any component of this equipment that fails due to materials or workmanship will be replaced free of charge for the original purchaser. However, the purchaser will be responsible for transportation costs. We recommend that you retain the original packaging for returning the product.

Warranty Coverage:

1. Product malfunctions due to manufacturing defects.
2. Damage to the internal compressor caused by non-human factors.

Warranty Exclusions:

The warranty will not apply in the following cases:

- Damage caused by unstable power supply, such as low voltage, high voltage, or short circuits due to household wiring failure.
- Unauthorized opening, alteration, or misuse of the device, including the use of unauthorized accessories or exposure to extreme temperatures.
- Commercial or industrial use.
- Damage caused by external forces or influences.

Disclaimer:

The manufacturer assumes no responsibility for damages or accidents caused by human error. In the event of an accident involving the product, we require your cooperation in collecting evidence, and we will handle compensation claims with our product liability insurance provider.

Conditions Not Covered by Warranty:

- Partial or complete disassembly of the appliance.

Warranty Limitations:

This warranty is only valid for the original end-user purchaser or gift recipient and is non-transferable.

Acts of Nature:

Damage resulting from fire, water, theft, war, riot, or acts of nature such as hurricanes or floods is not covered by this warranty.
