Our signature finishes express the core of Cranach's design philosophy – architectural warmth, fine materiality and modern refinement. Whether softly brushed or mirror – polished, these finishes balance elegance and individuality, offering a new material language beyond traditional ones.

## Collections of Reflective Neutrals

POLISHED CHROME

POLISHED NICKEL

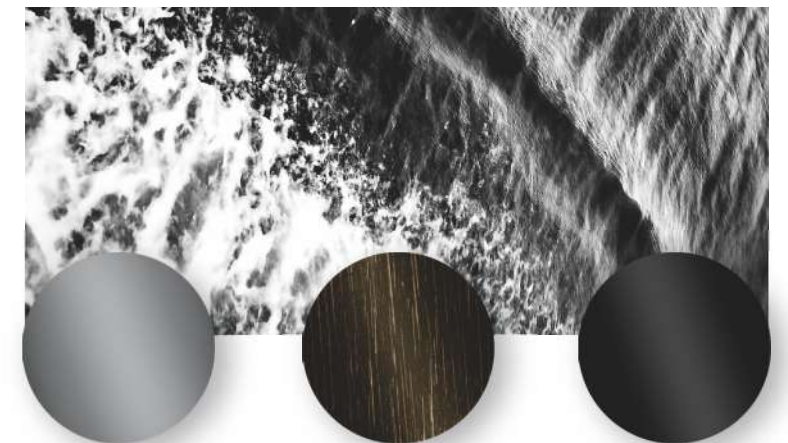

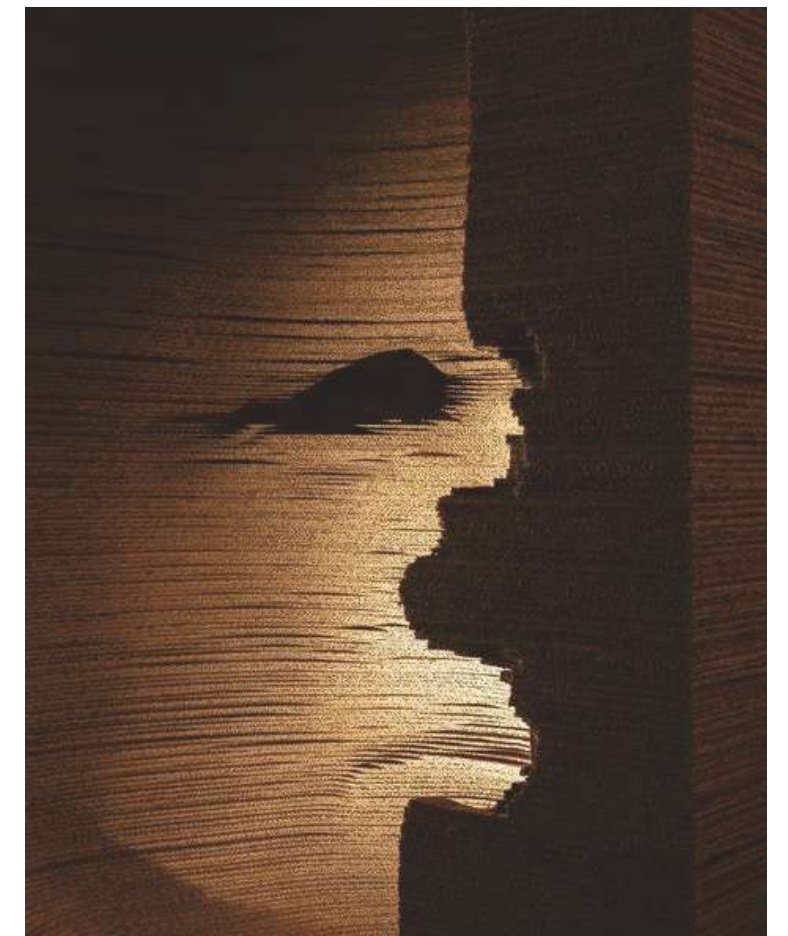

BRUSHED NICKEL

Understated and architecturally timeless, these highly reflective finishes offer universal compatibility across design style - from classic to contemporary. Their visual clarity enhances geometry and clean lines, making them foundational in both residential and hospitality spaces.

## Collections of Sculptural Darks

GUN GREY

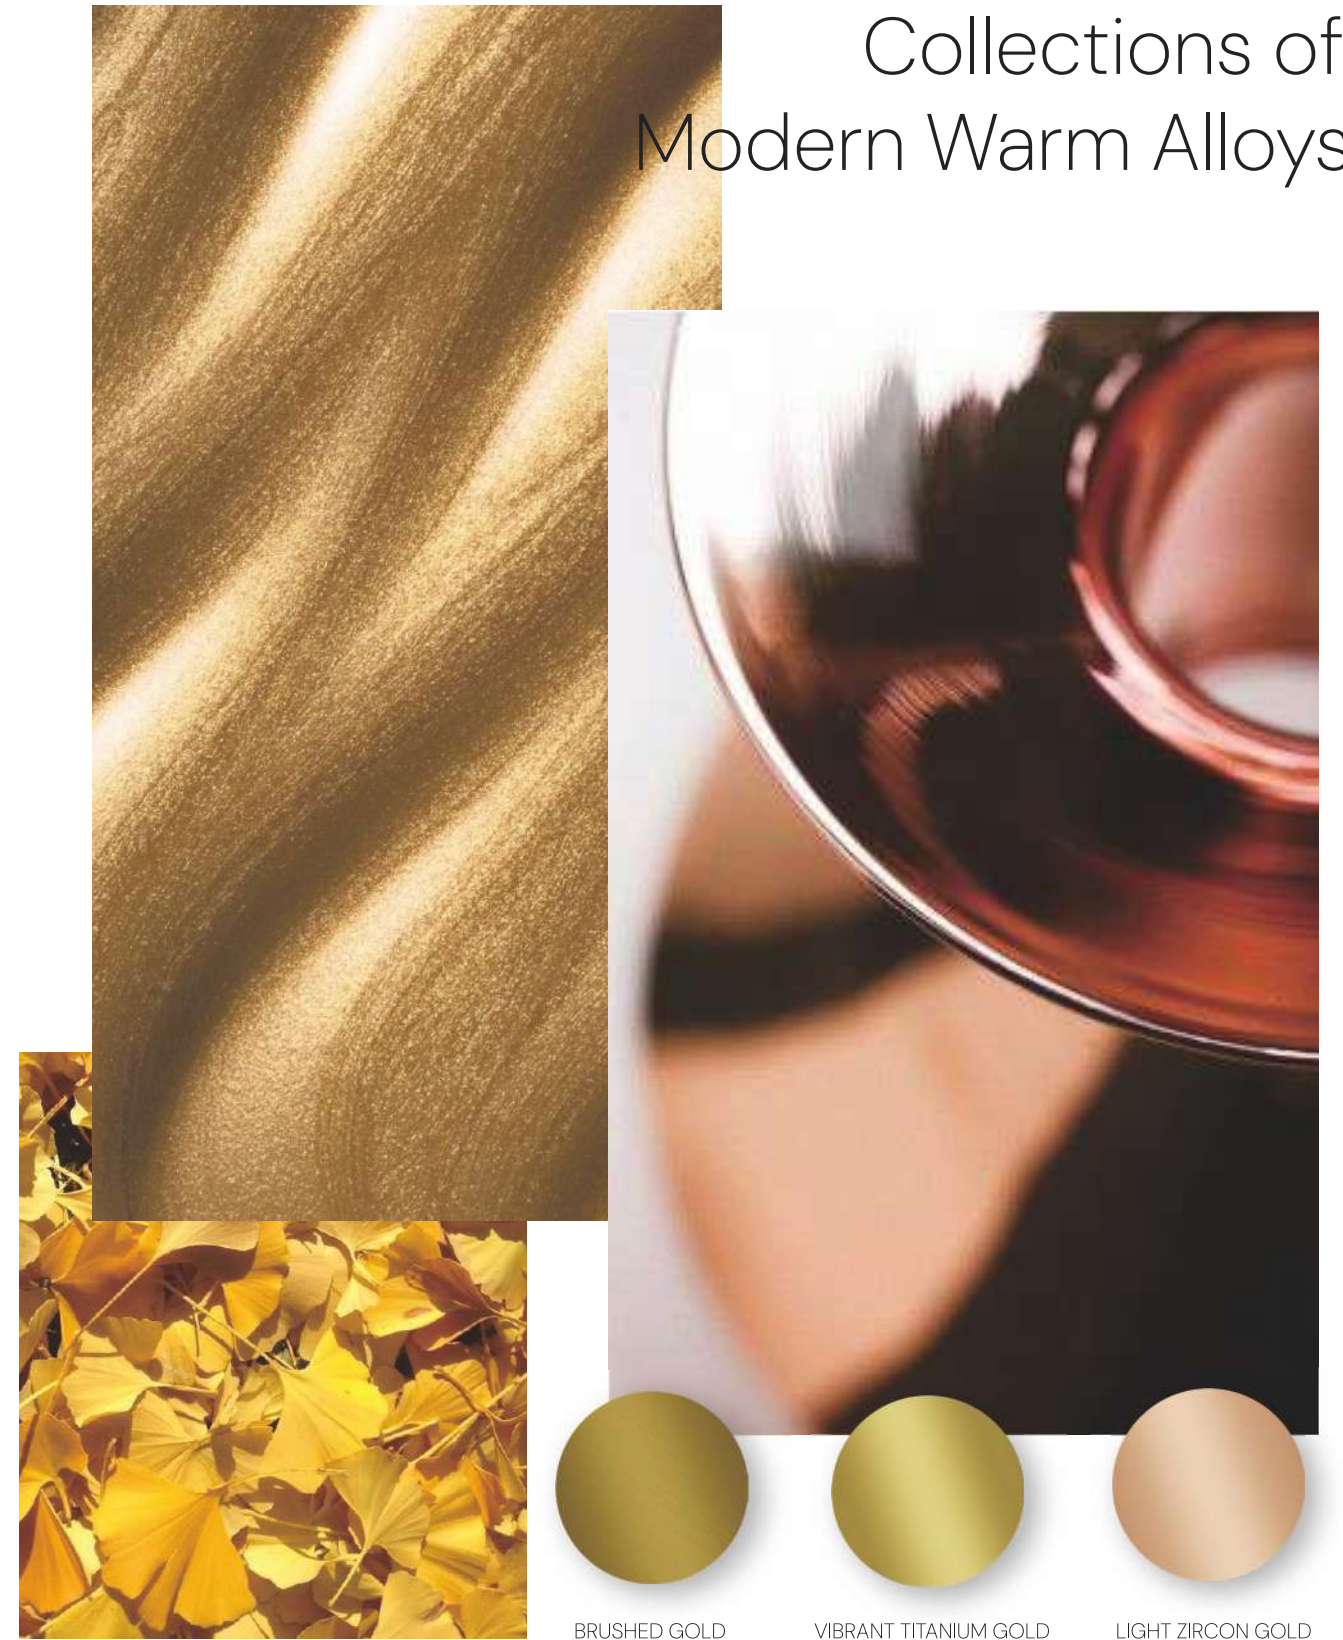

OILED RUBBED BRONZE

MATTE BLACK

Deep, dimensional, and dramatically expressive – these finishes define volume and contrast. Ideal for design – forward spaces, the highlight silhouettes and create focal tension. Each tone is engineered to resist fingerprints while preserving its tactile, matte or burnished surface.
