

24cm-28cm GRILL PAN

ULTIMATE
CARBON STEEL COOKWARE

Professional Quality Cookware

With deep ridges incorporated into the cooking surface of the Ultimate Grill Pan, this allows excess fat to drain off from the ingredients and leaves the classic charred stripes on your food, that make it look as good as it tastes. Plus, the exceptional non-stick coating, incorporated in the Ultimate Grill Pan's design, prevents food from burning onto the pan's surface, and in turn, means you can use little to no oil or butter when cooking. – Ultimately, helping you to create healthier meals with less fat, more flavour and higher quality results.

ULTIMATE
CARBON STEEL COOKWARE

Ergonomic Handle

The Ultimate Grill Pan features an ergonomically designed, riveted handle for effective control, that's always comfortable, when cooking and draining off the excess. Whilst offering flexibility when cooking, the riveted handle is also incredibly durable and resilient, even when it comes to cooking the mightiest dishes.

Chef's Choice

A kitchen must-have

With its exceptional non-stick performance, and quality composition – made from pre-seasoned carbon steel, designed to enhance the flavour of your food progressively, as it's used – the Ultimate Grill Pan is a kitchen must-have.

Better still, the Ultimate Grill Pan comes in two sizes – 24cm and 28cm. With these two generous sizes to choose from, you're sure to have the perfect pan for cooking a variety of delicious, healthy dishes for you and the family, whenever you need.
