## Assembly Steps

### Overview

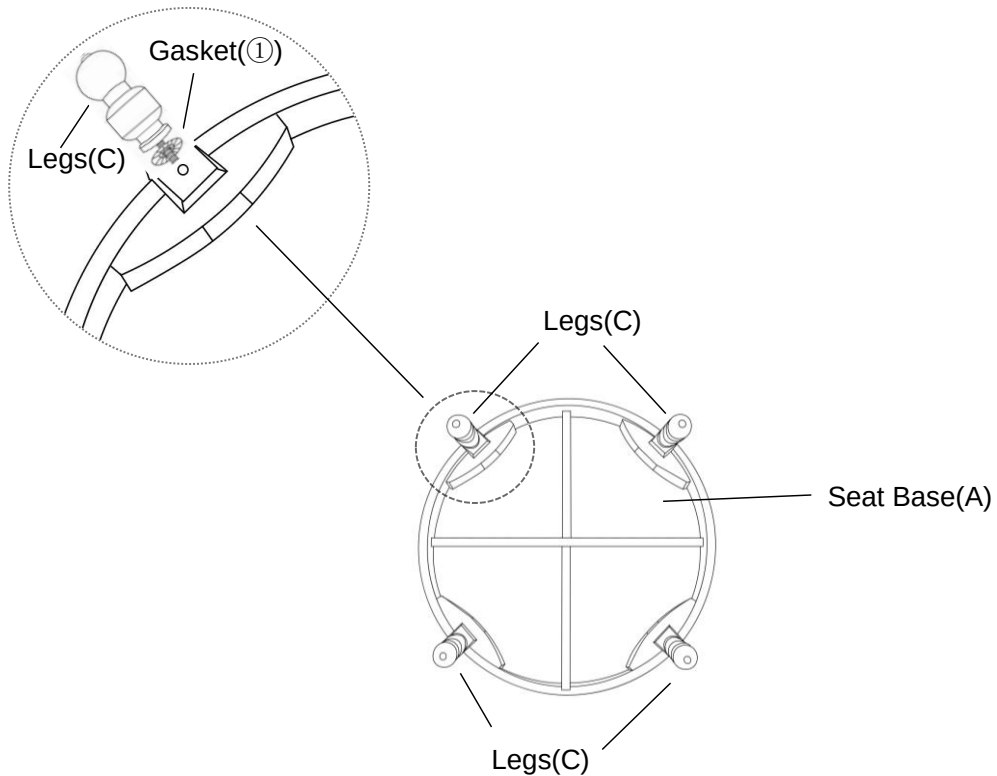

This Pet Bed has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Pet Bed parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

## Step 1

Place the Seat Base(A) with Cushion(B) on a clean, non-marring surface with the bottom facing you, as shown in picture above. Carefully unzip the Dust Cover at the bottom, and remove the Legs and Hardware.

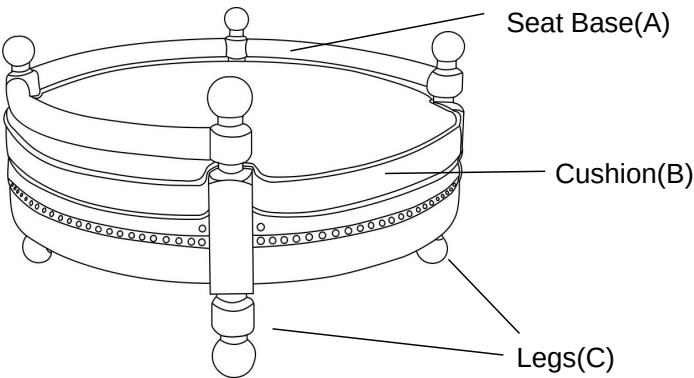

## Step 2

Install Leg(C) into the Seat Base(A) by putting a Gasket(①) on the threaded stem. Then insert the threaded stem into the mounting position at the corner of the bottom of Seat Base(A). Tighten by turning the Leg(C) clockwise by hand. Repeat the same process to attach the remaining three Legs.

**Note: The use of Gaskets are OPTIONAL and are especially useful to help alleviate slight wobbles. Some Legs may need more than one whilst some legs may not need any.**

Step 3

Your Pet Bed is ready for use.  
**This Pet Bed can only be used on a flat, level surface.**
