

14.75"

This technical drawing shows a mechanical assembly in a perspective view. It consists of a rectangular frame with a central vertical rod. A horizontal rod is positioned above the central rod, with several vertical supports holding it in place. A large, rounded, cylindrical component is attached to the central rod. The drawing is annotated with two dimensions: a vertical dimension of 14.75" on the left and a horizontal dimension of 10.5" at the bottom.
