

Assembly Instructions

Caution : You must read this before you proceed

CHAIR

Part List

Label	Picture	Description	QTY
A	A line drawing of the chair seat, showing its curved shape and the attachment points for the backrest.	Chair Seat	1
B	A line drawing of a single chair leg, showing its tapered shape and a small hole at the bottom for assembly.	Leg	4

Hardware

Label	Picture	Description	QTY
①		Gasket	7

Assembly Preparation

Before Beginning Assembly:

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

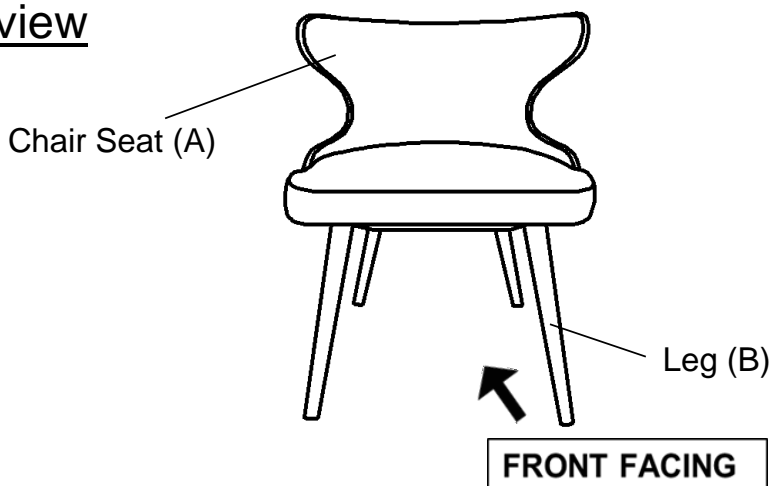

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

Assembly Steps

Overview

This Chair has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Remove the Black Cover from all the Legs(B) by hand and discard.

Step 2

Install Leg(B) into Chair Seat(A) by putting a Gasket(①) onto the threaded stem. Then insert the threaded stem of the Leg(B) into the threaded housing at the bottom of the Chair Seat(A) as pictured above. Affix Leg by turning the leg clockwise into position by hand. Repeat this process with the remaining three Legs(B).

Step 3

Place the Chair on a level surface to check for wobbles.

If the Chair wobbles, identify the corresponding Leg and "add or remove" a Gasket to achieve evenness.

Note: The use of Gaskets are OPTIONAL and are especially useful to help alleviate slight wobbles. Some Legs may need more than one whilst some Legs may not need any.

Step 4

The Chair is ready for use.

This Chair can only be used on a flat, level surface.

Care & Maintenance

Care & Maintenance

-   ● Do not put hot items directly on furniture surface
 -   ● Do not clean furniture with harsh cleansers or polish.
 -   ● Do not place furniture under direct sunlight.
 -   ● Do not place furniture near heating or cooling vents.
 -   ● Do not write on furniture without a padded barrier to protect the surface.
 -   ● Do not place furniture outside . For indoor use only .
 -   ● Not for commercial use. For residential use only .
 -   ● Stains may be removed with mild soap solution and damp cloth.
 -   ● Children should not climb or jump on the furniture.
-
-   ● Dust and pick-up spills using a clean, non-colored, lint-free cloth .

Questions & Answers about Proposition 65

• What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

• What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

• What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

• Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
