

Assembly Instructions

Caution: You must read this before you proceed

Care & Maintenance

-   ● Not for commercial use. For residential use only. Usage non commercial.
-   ● Do not put hot items directly on furniture surface.
-   ● Do not clean furniture with harsh cleansers or polish.
-   ● To obtain the longest lifespan of your outdoor products, minimizing exposure to direct sunlight is recommended.
-   ● Children should not climb or jump on the furniture.
-   ● Do not write on furniture without a padded barrier to protect the surface.
-   ● To obtain the longest lifespan of your outdoor products, avoid extended and lengthy exposure to rain, snow, and direct sunshine. Whenever possible cover the product and /or place under patio or awnings.
-   ● Stains may be removed with mild soap solution and damp cloth.
-   ● Dust and pick-up spills using a clean, non-colored, lint-free cloth.

Please look underneath the table top for hardware packs

DINING TABLE

Caution: This Table is NOT a TOY

Keep your child/ children at bay during the assembly process.

Whenever moving/ lifting the Table and to prevent damage to the Table, two adults are needed to execute these actions.

Parts List

Label	Picture	Description	QTY
A		Table Top	1
B		Leg	4
C		Leg Support	4

Hardware

Label	Picture	Description	QTY
①		Bolt (M6x50mm)	9
②		Screw (M6x40mm)	9
③		Washer (6.5x16x2mm)	9
④		Allen Wrench	1

Assembly Preparation

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

Assembly Steps

Overview

This Table has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Table parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Unpack and place all parts on a clean, non-marring surface.

Step 2

Place the Table Top (A) (Bottom side up) on a clean, non-marring surface. Attach the Leg (B) to the Table Top (A) by using Bolts (①), Washers (③) and Allen Wrench (④) as shown above.

Do not fully tighten the Bolts at this time

Repeat the same process with the remaining legs.

Step 3

Place the Leg Supports (C) as shown in the picture above.

3.1. Attach the Leg Supports (C) to Table Top (A) by using Screws (2) and the Allen Wrench (4).

3.2. Attach the Leg Supports (C) to the Legs (B) by using Screws (2) and the Allen Wrench (4).

Do not fully tighten Screws at this time

Step 4

With the assistance of adults, turn the Table over.

Inspect the Table and make sure all parts are adequately connected.

In a sequential manner, tighten all Bolts and Screws all joints.

DO NOT tighten any screws or bolts fully and then move towards the next one. This could cause the frame to warp.

CAUTION: When tightening these screws and bolts, tighten sequentially.

WARNING!! IF THE TABLE IS NOT STABLE , IT COULD LEAD TO DAMAGING THE PRODUCT.

Questions & Answers about Proposition 65

- What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

- What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

- What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

- Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
