

Bola Pendant Collection Steel Support Cable Retrofit Guide

Pablo®

PAGE 1/2

CAUTION - WE RECOMMEND THIS FIXTURE BE INSTALLED BY A LICENSED ELECTRICIAN.

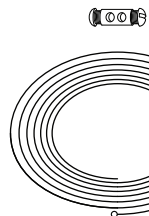

THIS COMPLIMENTARY RETROFIT KIT IS OFFERED AS A SOLUTION FOLLOWING A LIMITED NUMBER OF REPORTS OUTLINING MALFUNCTIONS IN THE PENDANT VERSIONS OF BOLA 32 DISC AND BOLA FELT IN SIZES 32, 42, AND 52 PRODUCED SINCE 2019. DESIGNED TO ALLEVIATE WEIGHT STRAIN ON THE HEAT SINK, THE RETROFIT KIT PROVIDES SUPPLEMENTARY SUPPORT TO MITIGATE THE RARE POTENTIAL ELECTRICAL FAILURE AT THE LED.

BEFORE ASSEMBLING AND INSTALLING THIS PRODUCT, CAREFULLY READ THE FOLLOWING:

- When installing multiple lamps; these fixtures must be wired in parallel in order to achieve the best possible light quality from each lamp. Wiring in series will result in the progressive loss of performance as the lamps move further away from the building power.
- Switch off power to the junction box before installing the lamp.
- Move light switch into the OFF position.
- When mounting to the ceiling, always use appropriate anchoring hardware.
- This lamp is for indoor use only, excluding bathrooms or any type of humid environment.
- Installation Guides can be downloaded from Pablodesigns.com in the case this document is lost or damaged.

Contents

For Bola Disc 32 and Bola Felt 32, 42, 52; a Steel Support Cable kit will be provided.

STRAIN RELIEF B

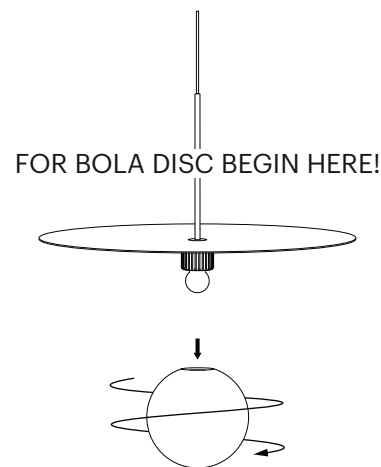

STEEL CABLE

PAGE 2/2

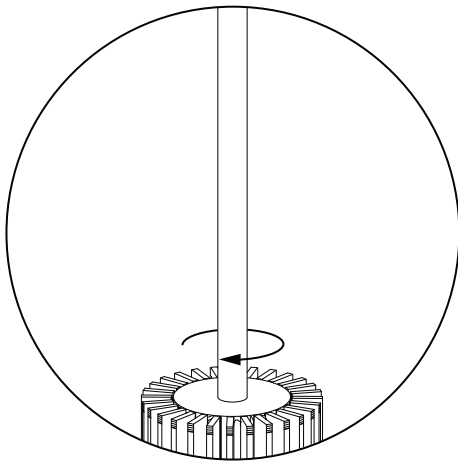

1 Unthread the Globe and set aside. Set aside Felt Shade.

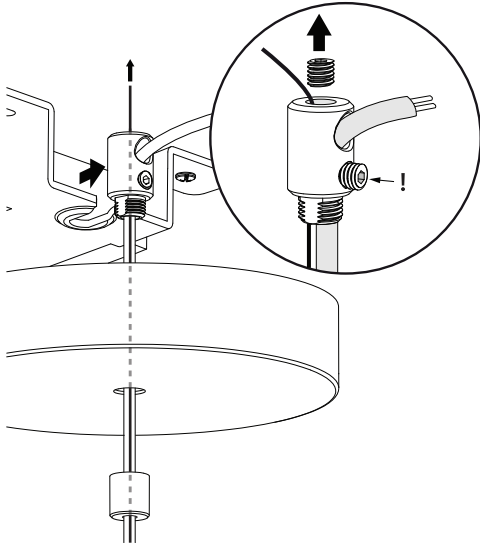

2 Unthread POST from the LIGHT ENGINE and feed STEEL CABLE up through the POST until the crimped end bottoms out.

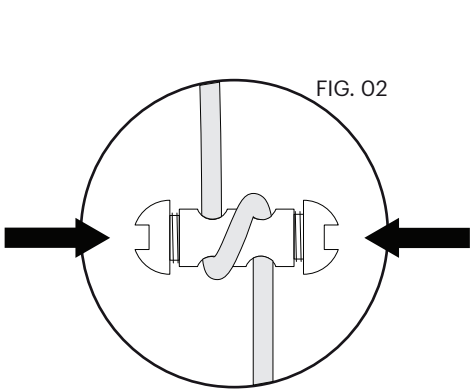

3 Thread Post back onto Light Engine.

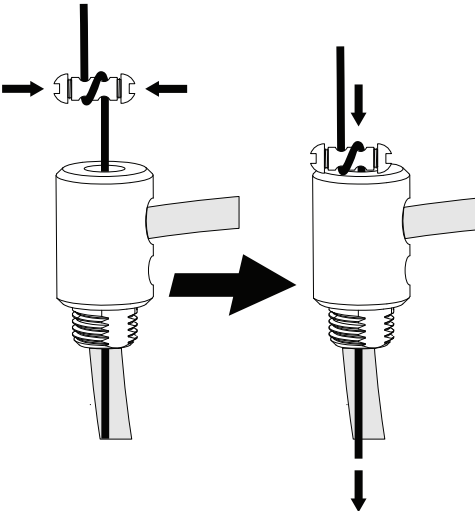

4 Remove upper set screw and loosen lower set screw enough to pass STEEL CABLE through.

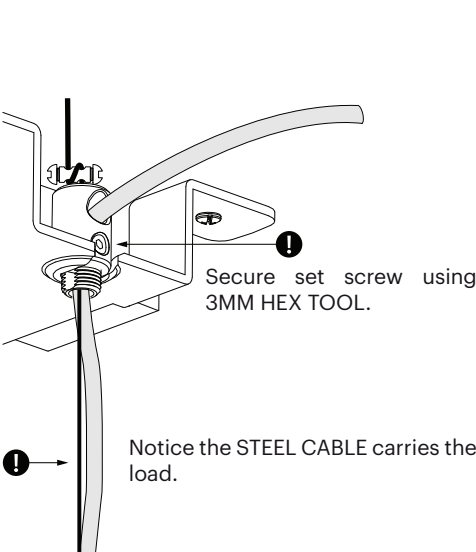

5 Add included strain relief now. Feed cable through both holes and tighten screws as demonstrated in Figure 02.

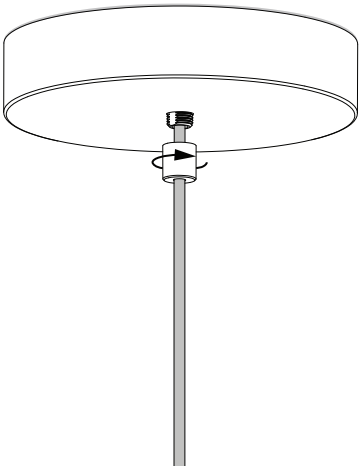

6 Pull SECONDARY CABLE down through STRAIN RELIEF A until it stops.

7 Place assembly onto the BRACKET and adjust the fabric POWER CABLE such that the weight of the lamp rests on the STEEL CABLE.

8 Secure CANOPY COVER with CANOPY NUT and reassemble lamp as necessary.

The location of STRAIN RELIEF B will determine the lamp's hang height.
